

The Ex Husbands Revenge Chapter 2679-While Hurricane Break hit Diego, Enzo took a hit as well and was slammed against the wall nearby.

Once he landed on the ground, he spat blood like Diego did and felt his bones crushing.

Thankfully, Diego took most of the impact and his injuries were not as severe as Diego's.

However, he was merely in the Semi-Almighty State and not as powerful as Diego. Even though his injuries were less severe, he was not in any better state and lost all abilities to fight.

Naturally, the two of them were not the only ones who took the hit.

Due to the wide range of Hurricane Break, the couch and closet inside the room were all damaged and broke into pieces.

They crumbled to the ground and the room was instantly in a mess.

Leon sighed a breath once Diego and Enzo were defeated.

The Hurricane Break required a lot of spiritual energy and he used up at least half of his spiritual energy in this attack.

Fortunately, Hurricane Break did not let him down and took Diego and Enzo down in an instant.

The fight ended. He took a minute to catch his breath, then went to seal their powers to prevent them from causing any more trouble.

It's over!" Seeing that they were all captured, the three paled and their hearts sank.

They all assumed that Leon was merely an inexperienced young man. They felt that they could easily capture him and fulfill the mission the Western Boss entrusted to them.

Back in the parking lot, they even thought that the Western Boss was being overly cautious to send three people over to capture a youngster.

To their bewilderment, Leon was extremely formidable despite his age and his strength surpassed their imagination.

Not only did they fail to take Leon down, but they also ended up being captured without a chance to escape.

Amid their despair, they finally realized that Leon told them to come at him at once because he was truly capable of dealing with them.

They all underestimated Leon, but it was too late for regrets now.

"Alright, let's talk," Leon said coldly and tossed the three aside.

"Kid, what, what are you going to do? I'm warning you! We work for the Western Boss and you should release US if you know what's best for yourself!

Otherwise, the Western Boss and the Farmers will come after you!" Enzo roared sternly, attempting to intimidate Leon into releasing them by mentioning the Western Boss.

"You are at my mercy and you dare to speak so arrogantly? Know your place!"

Leon's gaze hardened and he landed a kick on Enzo's leg.

Enzo gasped in pain and paled. Not daring to provoke Leon further, he quieted down obediently.
