

The Ex Husbands Revenge Chapter 2690

The Ex Husbands Revenge Chapter 2690-“Dad, Leon is far more formidable than we pictured! What should we do now?”

Felton asked.

“We will need to think this through. In the worst-case scenario, we may need to consider giving up and making peace with him,” the Western Boss said thoughtfully.

Leon was too powerful if he already reached the Intermediate Almighty State.

This meant that Leon could rival any big shots in the western region as he would be one of the most powerful martial artists in the region.

The Western Boss dared not to underestimate Leon.

On top of that, targeting Leon would cost the Farmers too much and out of consideration for the greater good, he would need to weigh his choice.

In the end, he started considering if he should stop targeting Leon to prevent the Farmers from suffering further losses.

“No way! The alchemical pills made by Cynthion Group have great value! If we let Leon go, we would miss out on the chance to obtain Cynthion Group!

Besides, we’ve already crossed Leon. Even if we stop now, he may not be willing to make peace! Once he grows even stronger, he may retaliate! It would only be more challenging for US to eliminate him at that time!” Felton was shocked and said hastily.

He did not forget how Leon injured him.

On top of that, he witnessed just how powerful the alchemical pills were and understood the potential hidden within Cynthion Group.

He could not allow the Western Boss to give up on targeting Leon.

“Well,” The Western Boss fell into silence.

He was considering giving up as he did not want to create such a powerful enemy, but he wavered after hearing what Felton had to say.

He was also reluctant to give up on the potential profit he would have if he obtained Cynthion Group.

Moreover, Felton was right.

The situation already escalated to a point where the grudges between the Farmers and Leon would only deepen in the future.

Even if he was willing to give up, Leon may not be willing to let it go.

Given Leon's terrifying talent, he had to put Leon in the crib. Once Leon doomed.

"Also, you've already agreed to the Southern Boss's request to take Leon down with him. If we let Leon go, how are you going to hold up your end of the bargain?" Felton added.

"Well, you're right! Looks like Leon and US are bound to be enemies!" The Western Boss's gaze turned cold as he recalled his promise to the Southern Boss.

The Southern Boss only offered half the Sunlit Herb and half the Rainbow Flower to get the Western Boss to the Peak Almighty State because he needed help rescuing Rodney and taking down Leon.

If the Western Boss broke his promise and gave up on targeting Leon, he would not be able to explain himself to the Southern Boss.
