Chapter 2237

“Having said that, the disciples of the mysterious sword sect are indeed worthy of special attention.”

Xu Yang touched his chin, looked at the three men in black robes in front of him, and continued: “Their sword control skills are mysterious and powerful. It is not a problem to take the enemy’s head from a distance of 10 meters. For them, it is even more commonplace to challenge them by leapfrogging. If I can learn their swordsmanship, I will surely be able to make a name for myself in the world.”

“Swordsmanship” It is the secret skill of the mysterious sword sect and has never been passed down to the outside world. The supreme elder of our sect offered three secret techniques to the mysterious sword sect in exchange, but unfortunately he was still rejected.” Liu Rushuang shook her head.

As long as it is about swords, the Sword Sect will pay special attention to it.

Any famous swords, sword manuals, sword moves, kendo techniques, etc., as long as there is an opportunity, the Sword Sect will collect them at any cost.

“Actually, I know a little bit about sword control.”

At this time, Dustin said coldly.

“Ah?”

Xu Yang’s expression froze and he stared in surprise: “Brother Lu, are you kidding me? Are you proficient in sword control?” ”

It’s not proficient, I just studied some superficial things.” Dustin smiled lightly. .

The library of Xiliang Prince’s Mansion has a collection of too many strange and ancient books. He has loved reading since he was a child and has a photographic memory.

As long as I see something, I will remember it in my heart.

Especially since he has practiced swordplay since he was a child, he has delved deeply into the knowledge of swordsmanship.

Of course he knows a little bit about sword-controlling skills.

“The art of sword control is a legendary skill. If you can study a little bit about it, you are already very powerful!”

Xu Yang said brightly: “I didn’t expect you to be so knowledgeable. If it’s convenient, you might as well tell us. If you can it would be better if you impart some knowledge.”

“Yes, yes! If you can tell us the secrets of sword control to our Sword Sect, we will definitely reward you heavily!” Liu Hongxue’s face was full of surprise.

This is a good opportunity to make meritorious deeds. If you can master the art of sword control, you will definitely be rewarded when you return.

“There is no need for a reward. If you are really interested, I will tell you about it.”

Dustin picked up the tea cup and took a sip, and said with a smile: “Actually, there is more than one way to practice sword control, but it can never be separated from it. Zong, if you want to practice sword control well, you must learn to raise a sword!”

“Raise a sword? What do you mean?”

Liu Hongxue was stunned, a little confused.

Xu Yang and Liu Rushuang looked at each other, both half-understanding.

On the contrary, Yan Buqi unfolded his folding fan and showed a thoughtful expression.

“The so-called raising a sword requires you to first have your own sword fetus.”

“Before the sword fetus is truly formed, the sword holder needs to feed it with essence and blood every day and continue to temper it. On the one hand, it is to remove the impurities from the sword fetus. On the other hand, it is to cultivate its spirit.”

“And this process is long and hard, and there is no shortcut. It requires repeated practice and accumulation over time.” ”

Normally speaking, the sword fetus needs to be cultivated into a spirit sword that can fly with the sword. , it requires at least ten years of hard work.”

“In these ten years, we must not slack off, be lazy, or make any mistakes, otherwise all our efforts will be wasted!”
