An Understated Dominance by Marina Vittori Chapter 2254

Chapter 2254

“Same as Miss Liu, contestant No. 6 in Arena No. 1.” Dustin wrote the number on the note and threw it into the No. 1 bowl.

“Okay, then I wish you good luck!”

Huang Yinyin smiled, then raised her voice and shouted: “Come on, come on, buy and leave, the gambling is about to begin!”

The surrounding warriors were eager to try, but no one placed a bet. , all waiting and watching.

The main reason is that they are not sure whether the bet is true or false? If they win, won't the Witch Gu Church double the compensation?

Therefore, they are waiting for the final bet results of Dustin and others.

If there are no problems, they will consider calling.

“Okay, the game has started, the betting is officially closed, everyone is waiting for the final result.” Huang Yinyin waved her hand and announced that she would stop betting.

Soon, everyone's attention came to the ring again.

At this moment, the eight arenas have started competing at the same time, and the sixteen players each showed off their magical powers and began a fierce confrontation.

Dustin's focus is on Arena No. 1.

On the first stage, there were two warriors, a man and a woman.

The man is dressed in black, strong and strong, holding a black iron long stick, which is a Yaksha stick technique.

Open and close, fierce and domineering, every stroke of the stick is fierce and powerful, with the sound of thunder, which is extremely extraordinary.

As for the woman, she was dressed in red, petite, and looked frail.

Although she is only 1.6 meters tall, the weapon she uses is a Guandao that is two to three meters long.

The Guandao is extremely heavy. When it falls into the hands of the woman in red, it seems as if it is nothing. When wielded, it is even more majestic and imposing.

Women dancing with swords have a strong visual impact.

A man and a woman, with a stick and a knife, began to violently collide in the ring.

The two of them were fighting each other, back and forth, with sparks flying and extremely intense.

For a while, no one could do anything to anyone.

Both of them have long weapons, and they take a fierce route. Their fighting styles are very similar.

There were no false moves during the fight, it was all real strikes.

Judging from the situation, although the woman in red is petite, she is stronger and has a slight advantage in every collision.

However, the man in black has more fighting experience, and besides fighting fiercely, he can also display some skills.

Especially the stick technique has reached the level of proficiency.

Every move and style is ever-changing, sometimes offensive and sometimes defensive, making full use of one's own advantages.

Fighting and fighting, the man in black gradually gained the upper hand.

“Brother Dustin, it seems that the player you picked is not very good. If you keep playing like this, you will lose sooner or later.”

At this time, Xu Yang's eyes suddenly glanced over.

"Don't worry, the battle situation is changing rapidly. No one can predict the outcome until the last moment." Dustin smiled lightly.

It was just a bottle of Tiger Soul Pill, and to him, it was not worth much money.

"Brother Dustin, you should bet with me. Look at the person I chose. He is already a sure winner. Within ten moves, he can completely defeat his opponent!" Xu Yang said with a confident smile.

"Really?"

Dustin glanced at the No. 3 arena and raised his eyebrows slightly: "Mr. Xu, you'd better not be too happy too early. The person you choose may not win."

"Brother Dustin, Don't be ridiculous, the people I selected have already pushed their opponents to the edge of the ring, and winning is only a matter of time." Xu Yang didn't believe it at all.

"Forced to the edge of the ring?"

Dustin smiled faintly and said, "How can you be sure that your opponent didn't give in on his own initiative and then lured him deeper?"
