Chapter 3806

David used the Fire Control Step and his body disappeared instantly!

But just as they were approaching the place filled with black mist, hundreds of people from the Guisha Sect suddenly rushed out. They were ambushing here!

Seeing that David was alone, these people did not hesitate at all and all rushed towards David!

Facing hundreds of Guisha Sect disciples, red flames flashed in David's eyes!

He knew he couldn't waste time here, because Sect Leader Luo probably wouldn't last long!

David suddenly jumped up and floated in the air, with blazing flames rising from his body!

What these evil cultivators are most afraid of is the blazing flames!

As David slowly raised his hands, endless flames burned across the sky!

Even the air is burning!

Heat waves swept across, covering a dozen miles in radius, and the thick snow melted and evaporated instantly!

David burst out all the fire in his body!

Hundreds of Guisha Sect disciples looked at the endless flames with horror in their eyes!

boom!

David waved his palm, and the flames gathered in one place and instantly turned into a fire dragon, opening its bloody mouth!

The fire dragon roared and dived down!

Those Gui Sha Sect disciples were shocked!

Countless evil energies erupted one by one, forming an airtight shield of black mist!

They want to stop this fire dragon!

But just as their black mist shield was formed, they felt a huge suction, sucking away all their sinister energy in an instant!

David opened his mouth, and countless evil spirits entered David's body!

This time, the disciples of Gui Sha Sect were even more confused!

And at the moment of confusion, the fire dragon had already rushed in front of him, and the fierce flames caused the bodies of the Ghost Demon Sect disciples to burn violently!

These people let out shrill screams.

Upon seeing this, the Guisha Sect disciples fled one after another. Now they only have fear in their hearts!

But there is no way to escape!

The flames of the fire went down, and a dozen ghostsThe disciples of the Sha Sect were instantly wiped out!

Even the soul was burned to the core!

Hundreds of Gui Sha Sect disciples were wiped out in an instant, leaving not even a trace behind!

At this time, Sect Master Chen and the others had arrived, and they were all shocked when they saw everything in front of them!

Sect Master Chen was secretly glad that he sided with Sect Master Luo and let David go!

If David was completely angered by the five major sects at that time, he didn't know what the consequences would be for the five major sects!

The man in black robe, who was hundreds of miles away, heard the shrill screams of the Guisha Sect disciples!

The screams of hundreds of people could be heard far, far away!

David solved these Guisha Sect disciples without stopping at all, and disappeared in a flash!

David's figure soon appeared in the black mist!

The man in black robe also sensed immediately that someone had entered his black mist, so he condensed thousands of ghosts into his palms and headed crazily towards the place where David appeared!

At the same time, the men in black robes accelerated their attacks on Sect Master Luo!

Sect Master Luo was on the verge of collapse at this moment. His whole body was wrapped in the sinister aura of the man in black robes, making him unable to breathe at all!

He wanted to break free, but his strength seemed to be drained from his body!

"I said, I won't die in your hands..."

Sect Master Luo knew that he was doomed, so he jumped towards the crack!

He would rather jump to his death than die in the hands of the Ghost Demon Sect!

David had already rushed over at this moment. When he saw Sect Leader Luo jumping into the crack, he was extremely anxious!

"Don't jump, don't jump..."

David wanted to stop Sect Master Luo, but unfortunately it was too late. Sect Master Luo's body reached the middle of the crack, and suddenly several wind blades passed by Sect Master Luo!

However, Sect Leader Luo's body did not explode and fall into the cracks like others, but the whole body fell downwards!

When David saw this, he immediately took the magic whip in his hand and whipped it towards the man in black robe!

Snap, snap, snap...

the whip made a deafening sound, and the black mist was instantly defeated by the whip and disappeared!

Chapter 3807

The man in black robe looked at David, then at Sect Master Chen and others who were chasing him. His whole body was wrapped in the sinister aura, and he also jumped towards the crack!

When David saw this, he condensed fire into his hand and shot it out instantly!

Whoosh whoosh!

Three rays of fire are coming in an instant!

The speed of the fire was so fast that the void began to twist!

When the man in black robe saw David Zhihuo coming in an instant, he hurriedly shot out a black mist to block it!

He could block the first ultimate fire, but was hit by the second and third ultimate fire!

The flames filled the black-robed man's body, completely covering him!

The man in black robe screamed and fell towards the crack!

However, as the man in black robe fell, the flames on his body were quickly extinguished! Chen

Ping looked at the bottomless crack and began to hesitate!

He didn't understand why Sect Master Luo and the black-robed man were not torn to pieces by the wind blade in the crack, but fell directly.

At this time, Sect Master Chen arrived with the disciples of the five major sects!

The hunchbacked old man also woke up slowly!

Looking at the crack in front of him, there was a sparkle in the eyes of the hunchbacked old man!

It was obvious that he wanted to enter this crack!

“Tell me, what is in this big crack? Why are some people torn apart by the wind blades in the crack, while others are fine?”

David knew that the hunchbacked old man must know about this crack. Some secrets!

“[...”

The hunchbacked old man didn't want to tell David!

But when he saw the magic whip in David's hand, he trembled and said truthfully, “This big crack is full of Yin evil spirit. As long as it is wrapped in Yin evil spirit, you will not be torn apart if you fall into it.” “It's broken.”

“We also experimented with several disciples...”

The words of the hunchbacked old man made David understand instantly!

When Sect Leader Luo just jumped into it,, just wrapped in the evil spirit!

And the man in black robe had the same reason!

Fortunately, David has Dao pattern evil spirit in his body, which is many times stronger than Yin evil spirit!

He can enter the big crack and rescue Sect Master Luo!

“Sect Master Chen, you guys wait here, I'll go and find Master Luo!”

After David said that, the evil energy from the Tao marks on his body filled the air, and he jumped directly into the crack!

The moment he jumped into the crack, David felt countless wind blades whistling around his body!

It's just that because of the evil spirit surrounding his body, these wind blades did not cause any harm to David!

David's body was falling rapidly, and the wind was whistling in his ears!

Everything was pitch black before my eyes, I couldn't see much!

However, the evil spirit permeated the surroundings, making the surrounding temperature extremely low!

With such a strong evil spirit, countless monks and monsters died in this big crack!

After all, this big crack has existed for thousands of years, and basically all the people and monsters who fell in here died!

Thousands of years of accumulation have made the evil spirit in the big crack so strong!

David didn't know how long he had been falling, but as his body continued to fall, the original cold feeling slowly disappeared, and instead he felt a sense of warmth!

David was very puzzled, how could there be a warm feeling with so much sinister energy?

Just when David was puzzled, his body finally fell to the bottom of the crack!

I saw that the big cracks were all filled with white bones. I don't know how long these bones have been there!

Walking on it makes a creaking sound!

Fortunately, the bottom of this crack can be detected with spiritual consciousness. Otherwise, the surrounding area would be completely dark and without spiritual consciousness, it would be difficult to move forward!

David dispersed his consciousness and began to look for the figure of Sect Leader Luo. They fell at the same location, so they shouldn't be too far apart after falling!

Chapter 3808

Sure enough, after David's consciousness dispersed, he discovered the figure of Sect Master Luo. At this moment, Sect Master Luo was in a coma due to extreme weakness!

In addition, the evil spirit is everywhere here. If it is not a demon cultivator, but an ordinary monk comes here and is invaded by the evil spirit for a long time, it will also cause damage!

David hurriedly injected a burst of spiritual power into Sect Master Luo's body, and Sect Master Luo slowly woke up!

"Fellow Daoist Chen, where are we?"

Sect Master Luo looked very surprised when he saw David!

He remembered that he seemed to have jumped into a big crack. Why was he with David now?

"Sect Leader Luo, we are at the bottom of the big crack. Fortunately, when you jumped down, you were wrapped in the evil spirit, otherwise your whole body would have been torn to pieces."

David said!

Only then did Sect Leader Luo notice that they were surrounded by evil spirits, and there were thick bones on the ground!

"Where are those people from Guisha Sect?"

Sect Leader Luo asked quickly!

If everyone from the Guisha Sect is still here, then they are in danger!

"Only the Great Elder of Guisha Sect is left, and he also jumped into the crack. I don't know if that guy is dead."

David knew that the man in black robe was hit by his ultimate fire and fell to the bottom of the crack. !

Even if he doesn't die, he must be injured!

“How are the disciples of our five major sects doing? And Sect Master Chen?”

Sect Master Luo asked!

“There are still about twenty disciples of the five major sects. Master Chen's physical body was destroyed, but the remnant soul is still there and can reshape the physical body!”

David replied!

Upon hearing this, Sect Leader Luo became silent!

At this moment, after the man in black robe fell to the bottom, his body was indeed injured by the fire, but his life was not in danger!

Feeling the sinister aura around him, the man in black robe had a sneer on his lips.

As long as he absorbs these evil spirits, he can not only recover, but his strength can also be improved quickly!

Thinking of this, the man in black robe started to use his skills and began to desperately absorb the evil spirit!

This place is full of sinister energy, and the man in black robe absorbs it twice as fast as usual!

After the Yin evil spirit was absorbed, David noticed it instantly!

He could feel the flow of Yin evil energy being absorbed!

Following the direction of the flow of Yin evil energy, he can find the man in black robe!

“Sect Master Luo, I know the position of the Great Elder of Guisha Sect.”

David said with joy in his heart!

“Then let’s go find him. If the two of us join forces, that guy is no match.”

“There is evil energy everywhere here. If we let that guy absorb it unscrupulously and improve his strength, we will be in danger!”

Luo The sect master knew that the man in black robe must be killed first!

David took Sect Master Luo and quickly found the man in black robe according to the flow of evil spirit!

When the man in black robe saw David and Sect Leader Luo, he was obviously stunned for a moment, but he soon burst into laughter!

“Humph, here is my home court. There is Yin evil energy everywhere here. I can get replenishment at any time.”

“And not only can you two not replenish it, but you also have to use your spiritual power to resist the invasion of Yin evil energy. So even if I don’t fight with you two, if you stay here for a long time, you will run out of gas and spiritual energy and die!”

The man in black robe was full of pride!

Listening to the words of the man in black robe, Sect Master Luo’s face became very ugly!

Because he knew that the man in black robe was right, in this place, he and David would not have any chance of recovery!

But this man in black robe has a steady stream of sinister energy!

Such a gap, even if it is slowly consumed, can still consume them to death!

But David looked at the man in black robe with a sneer, and said with disdain, “Are you happy too early? You don’t have to think about it. Since I can enter the bottom of this crack intact, then... Prove that I can also use Yin evil energy!”

After David said that, his body suddenly emitted a suction force, and the endless Yin evil energy from all around poured into David’s body like a torrential river!

The man in black robe was dumbfounded for an instant and looked at David in disbelief!

Chapter 3809

Sect Master Luo also didn't expect that David could do this!

Looking at it in surprise, you must know that David does not exude the slightest aura of a demon cultivator!

But it can absorb the evil spirit!

This is very strange!

"Stop, these evil spirits belong to me!"

The man in black robe roared angrily, and his body turned into a storm of black mist, sweeping towards David!

Seeing this, Sect Master Luo was about to stop him when he heard David say calmly, "Sect Master Luo, don't move, let me deal with him!"

After saying that, a magic whip appeared in David's hand!

Snapped!

accompanied by a loud sound of whipping the magic whip!

The black mist storm was instantly defeated, and the man in black robe suddenly retreated!

"Boy, is this a magic whip in your hand?"

the man in black robe asked David!

"That's right, I didn't expect you to know the magic whip."

After David finished speaking, he swung the magic whip again and whipped it towards the man in black robe!

The man in black robe quickly dodged, he didn't dare to take the whip forcefully!

"Who are you? Why can you absorb the evil spirit? You don't have the evil spirit in you!"

The man in black robe asked David!

After being whipped twice by David, the man in black robe calmed down and stopped saying that this evil spirit belonged to him!

"Absorbing the Yin evil spirit is nothing, I can even absorb the Dao pattern evil spirit!"

After David finished speaking, the Dao pattern evil spirit began to fill the body!

The man in black robe was stunned and looked at David in disbelief. "How is this possible? This is the evil spirit that only Yin Mo can master."

"You...who are you?"

"Do you still have this? Can't you see it?"

David looked at the man in black robe coldly and asked!

"I..."

The man in black robe frowned, "Are you the ancestor of the Yin Demon, reincarnated?"

"Bullshit reincarnation, my soul was suppressed, I finally escaped and returned to the world of heaven and man." "I didn't expect that my Yin demon lineage would now become someone else's lackey, which makes me so embarrassed!" David pretended to be pretentious

!

said!

"Ah, possessed and reborn? Are you really the ancestor of the Yin Demon?"

The man in black robe was full of shock!

Even Sect Leader Luo on the side looked at David in disbelief. Why didn't he see that David was possessed?

"Nonsense, can I still fake the evil energy of my Dao pattern?"

"You disciples and grandsons can't even learn one percent of my essence. You only absorb some evil energy all day long, and you also kill innocent creatures, just for the sake of it. That wisp of sinister energy is as bad as a pig or a dog, like an animal."

"How could I have disciples like you? When I rebuild my body and return to the top, I want to see who of you are my disciples. , I'll kill him!"

David pointed at the man in black robe and cursed him!

The man in black robe didn't dare to fart, he lowered his head and stood tremblingly!

David's scolding was so enjoyable, but I don't know how David would feel if the Yin Demon knew that David was pretending to be him and scolding his disciples!

"That's not right..."

Suddenly, the man in black robe raised his head and said with confusion, "If you were possessed by the Yin Demon Ancestor and reborn, how could you have the Ultimate Fire?"

David was stunned, and he began to actually use the Ultimate Fire Attack this man in black robe!

You must know that the Yin evil spirit is most afraid of the fire. Of course, when both parties are equally matched, the ultimate fire can suppress the Yin evil spirit!

Therefore, the Yin Demon cannot reach the extreme fire at all, and there is no way to practice it! When Chen

Ping saw that he was found out, he stopped pretending and said, "Actually, I am a friend of your Yin Demon Ancestor, but what I just said is definitely what your Yin Demon Ancestor feels."

If the Demon-Sealing Alliance is like a dog, if the Yin Demon finds out, you will be pissed to death.”

David’s words made the man in black robe fall into extreme anger!

Chapter 3810

Although the man in black robe knew that he was defeated by David, he still roared and rushed towards David!

The endless evil energy is roaring and sweeping like a big wave!

“How dare you take action...”

David’s face was filled with disdain, and the evil aura of Dao marks on his body instantly filled the air!

When those Yin evil spirits encounter Dao pattern evil spirits, they seem to be frozen and become very slow. Where are the big waves?

The figure of the man in black robe also froze for an instant, his breath felt very blocked, and his movements became sluggish!

Bang!

Suddenly, a flame instantly rose from the body of the man in black robe!

The evil energy around him quickly dissipated, and the man in black robe screamed miserably!

Sect Leader Luo watched from the side, feeling nothing but shock in his heart!

In just a moment, the man in black robe was reduced to ashes!

He deserves to be like this. If he honestly admits his mistake and begs for mercy, maybe David can get around them for the sake of Yin Mo’s face!

But this man in black robe still dared to attack David. He was really like a sick cat because he didn’t show off his power!

How could David keep such a person!

After the man in black robe died, David began to quickly absorb the endless evil energy around him!

These things are also excellent resources for David!

The Heart Condensation Art can refine everything, and this endless Yin evil energy can make David's strength improve a lot!

Sect Leader Luo was waiting quietly at the side!

As the evil spirit continues to decrease, the bottom of the crack valley is no longer dark, and the temperature is getting higher and higher!

In the end, Sect Master Luo actually felt the heat and was sweating profusely!

You must know that he is currently at the ninth level of the Tribulation Realm. No matter whether it is scorching heat or cold, he will not be able to feel it if he is protected by spiritual power!

But now this kind of scorching heat makes Sect Leader Luo a little unbearable!

David absorbed the evil spirit and also felt the change in temperature!

But the last trace of evil spirit was sucked out. Come on, David opened his eyes!

At this moment, the bottom of the crack valley turned red, and the surrounding area was like an oven!

The thick white bones on the ground were all vaporized by the heat wave and disappeared without a trace!

David was a little dumbfounded and didn't understand what was going on!

"Holy shit, hurry up, this is the fire from the center of the earth. If it erupts, you will be doomed..."

At this time, Demon Lord Chiyun suddenly shouted!

When David heard this, he was also confused. He didn't understand why the fire from the center of the earth suddenly appeared here!

But just when David was confused, suddenly a heat wave erupted not far away!

Along with the heat wave comes rolling lava!

Wherever the magma passes, the rocks begin to burn!

“Run...”

Seeing this, David called Sect Master Luo and started to jump up quickly!

The magma keeps erupting, heading towards David and the others with the fire from the center of the earth!

No matter how fast David and the others are, they are not as fast as the magma erupts.

After all, they are leaping upward, not moving on flat ground. Due to the magnetic field, the speed of their leap is limited and very slow!

Seeing that the magma flames were about to wrap up David and Sect Master Luo, David could only push Sect Master Luo hard and said, “Sect Master Luo, you run away first, don't worry about me...”

David has the origin of fire, so for this place The fire in the heart still has a certain resistance!

But Sect Leader Luo is different. If this was wrapped in magma, he would probably be burned to death soon!

“Fellow Daoist Chen...”

Sect Master Luo shouted, but under David's push, his body quickly flew towards the crack!

But David was wrapped in the magma and was then brought into the hot magma!

David's Indestructible Golden Body was activated, and he felt countless heat waves all around him, constantly attacking!

Everything you see is red!

David knew that he had fallen into the magma. It looked like it would be difficult to escape!
