

Married At First Sight

Married At First Sight Chapter 3145-Serenity took Sonny to Lewis & Co., and Sonny played in Duncan's office for a while.

Thinking about going to FC Manor during the winter vacation, Sonny quickly asked Serenity to take him to the York Corporation to find Zachary.

Duncan smiled and said, "Sonny, you just said that you like Uncle Lewis. Within two minutes of arriving, you were going to find your uncle."

Duncan turned off the computer, stood up with support on his desk, walked two steps, and then sat in the wheelchair. He steered the wheelchair forward and said, "Let's go; I'll go too. Just in time, I have a project with you. Let's talk to Uncle."

Serenity wanted to push Duncan, but Duncan refused her help.

Duncan: "I switched to an automatic one, so I can steer it forward by myself."

Serenity smiled. "Brother Duncan, you should have changed to an automatic one long ago."

Duncan: "I switched to the automatic one a long time ago, and now I still can't win your sister's heart."

Serenity: "..."

She also felt that Duncan was rough, had a carefree personality, and had no scheming ideas. She was wrong.

How could Duncan be a person without scheming if he could build a Lewis & Co. and make the Lewis & Co. worth more than \$10 billion?

These big bosses were all deep-rooted and capable people.

“Sonny, come here; Uncle Lewis will hug you.” Duncan didn’t mind speaking out his secret words, and his relationship with Liberty was very stable.

When he asked Liberty to go get a marriage certificate with him, Liberty no longer hesitated.

Aside from that, chasing a wife always involved some tricks.

Didn’t Zachary also play tricks when chasing his wife?

Sonny glanced at Serenity and saw that she had no intention of stopping him. He immediately happily climbed onto Duncan’s lap and sat in Duncan’s arms.

Serenity opened the office door and allowed Duncan’s electric wheelchair out.

When Duncan came out, he took Sonny’s small schoolbag and followed him.

At the elevator entrance, they met a female client who came to discuss business with Duncan. The woman was about the same age as Duncan. She applied exquisite makeup to conceal her true age, making her appear very young.

Wearing a woman’s suit made her look smart and capable, and she came with her female secretary.

The two of them saw Duncan as soon as they got out of the elevator.

“Mr. Lewis.”

The customer greeted him with a smile and walked out of the elevator with his secretary.

When she saw Serenity behind her, her eyes were dark and unclear, but she greeted Serenity politely: “Young mistress York.”

“Ms. Girard.”

Serenity knew this woman and met her several times at banquets, as well as occasionally at the Wiltspoon Hotel.

Most of the people in the business community were familiar faces.

“Young Mistress York, do you recognize me?”

Serenity smiled. "A strong woman like Ms. Girard gives me a powerful feeling every time she appears. I am very impressed by Ms. Girard."

Strong women are not only smart and capable, but also quite strong.

Her late husband left Ms. Girard in charge of the company. After her late husband passed away, her parents-in-law were old and no longer had the ability to take care of the company. Her son was still young and could not take over the company, so she had no choice but to step in and take over the company's entire business.

It turned out that she was just a wealthy lady who lived in a house, had clothes to put out her hands and food to open her mouth, and she didn't know much about business matters.

After her husband passed away, she took over the company and suffered a lot of hardships and grievances. Fortunately, she finally stood up and stabilized her late husband's business, taking control of it herself.
