

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2866-“Mister Wolf, what should we do now?” Fletcher asked for his instruction.

“Well, just get the men you sent to follow the Southern Boss and the Western Boss. Find out why they are on the move and where they are going! Also, please summon some Platinum Dragon Guards for me. I will head to the Dragon Corps to meet up with you. Then, we’ll all head out to chase the Sotuehrn BOSS down,” Leon said thoughtfully and made the arrangement.

“Alright, I’ll do it right now,” Fletcher said and the call ended.

After the call ended, Iris and the others noticed the solemn look on Loen’s face.

“Leon, what’s wrong? What happened?” “I just received news that the Southern Boss showed himself. Cynthia, and Iris, I’ll leave the sales drive to you two! I am going after the Sotuerhn Boss and take him down once and for all,” Leon explained and put Cynthia and Iris in charge of the sales drive.

“Sure. Go ahead. The Southern Boss is powerful, so be careful,” Iris and the others said.

They all knew what happened between Leon and the Southern Boss and that part of the reason why Leon came to the western region was to find the Southern BOSS.

During the fight between the two, Leon eliminated the Demon Lord and injured the Sotuerhn Boss.

Considering Leon’s superior strength, the Sotuehm Boss was no match for him and they did not need to worry about that.

Still, the Southern Boss was rather formidable as well and they still felt the need to remind Leon to be careful.

“I know! Don’t worry. I’ll be careful!” Leon smiled reassuringly.

“Leon, it’s over for you today! Get out here and accept your fate!” Just then, a roar sounded.

Felton and a dozen martial artists stormed in from the outside.

“That’s Felton Fermer!” “What is he doing here?” “Is he here to cause trouble?”

Felton led his men to the stage arrogantly. “Where’s Leon? Show yourself!”

Felton stopped and scanned the stage proudly, before spotting Leon, Iris, and the others backstage.

“Felton? What do you want?” Leon’s expression darkened and he walked over with the women.

The Ex Husbands Revenge Chapter 2867-“What do you think? Leon, you broke my arm during Jaxon’s bouquet. It’s about time we settle our scores!” Felton waved his arm and glared resentfully at Leon.

After resting for some time, his arm was mostly recovered. However, it would still hurt from time to time and he could not exert much strength.

Because of that, he hated Leon and desperately wanted to get rid of him.

Now that the opportunity presented itself, he was determined to eliminate Leon and avenge himself.

“Like you can do anything? What a joke?” Leon scoffed in contempt.

On the other hand, he started considering what Felton was trying to do.

He already learned from Fletcher that the Southern and Western Bosses headed somewhere with a group of martial artists.

Now, Felton appeared and forcefully demanded to fight him.

This baffled Leon and he wondered if the Southern and Western Bosses led a group of martial artists to attack him.

Could Felton be the vanguard of their attack? If that was the case, the Southern and Western Bosses would arrive with an army soon.

Leon was pleased by this because he was teaming up with the Dragon Guards in the western region to take the Southern Boss down.

If the Southern and Western Bosses presented themselves to fight Leon, this was ideal and Leon would not need to do anything to take the southern Boss down.

“Leon, get off your high horse! I’ll give you one chance. Come with US and apologize to me. That way, I will consider sparing your life. Otherwise, you will die today!” Felton sneered.

He hated Leon, but considering the great potential hidden within Cynthion Group, both he and the Western BOSS wanted to claim the company for themselves.

However, they could not just shamelessly rob Leon of the company and he could not demand Leon to hand Cynthion Gorup over with so many people watching.

Hence, Felton found an excuse to get Leon to comply. Once Leon was at his mercy, he could do as he pleased.

“You want me to come with you willingly? Dream on! Do whatever you want, Felton. Let’s see what a scum like you is capable of!” Leon mocked, not at all frightened by Felton’s threat.

Even if the Western Boss appeared before him, he would not feel any fear.

He waved his hand and was about to command an attack when a tanned, skinny old man stepped forward.

He was none other than the Fifth Apostle who worked for the Western Boss.

The Western Boss himself left with the Southern Boss with a few Guardians and other martial artists.
