

The Ex Husbands Revenge Chapter 2868

The Ex Husbands Revenge Chapter 2868-“Mister Felton, let me take care of that arrogant brat!” the Fifth Apostle said.

He was with Felton when they saw the fight between Leon and the skilled martial artists from the Grimstons.

At the time, he could tell from Leon’s speed and explosive power that he was in the Initial Almighty State.

As one of the Five Apostles working under the Western Boss, the Fifth Apostle long reached the Intermediate Almighty state, which was a level higher than Leon.

Given his strength, he did not think he would lose to Leon.

Hence, he requested to fight Leon, wanting to claim the credit for eliminating Leon for himself.

“Very well! Destroy him and show him the consequences of crossing the Fermers!” Felton commanded.

“Yes, sir!” the Fifth Apostle said before firing his true energy and preparing to attack Leon.

“Stop! Don’t you dare!” Just then, Caleb scoffed and strode forward.

He released his true energy and it instantly overwhelmed the Fifth Apostle.

The Fifth Apostle paled when he sensed Caleb’s overwhelming power.

level and he was no match for Caleb.

Intimidated, he paused and stopped his attack against Leon, not daring to move.

“Elder Morrison, what is the meaning of this? Are you going to go against the Farmers for Leon’s sake?” Felton questioned viciously while he stared at Caleb with displeasure.

Though he anticipated Caleb’s interference due to the collaboration between the Cynthion Group and the Morrisons, he was still annoyed to see Caleb standing up for Leon.

“So what? This is no place for you to throw your temper tantrum,” Caleb said, not seeing such a young man as a threat.

Felton hardly qualified to be viewed as a threat.

“Elder Morrison, you better think twice! Leon broke one of my arms before and I’m here to settle the scores. This is between the two of US and the Morrisons has nothing to do with it. It’s inappropriate for you to interfere!” Felton suppressed his anger.

“Well,” Caleb was rendered speechless as Felton was merely stating a fact.

In the world of martial artists, every action required a legitimate reason.

Since Felton claimed that his arm was broken by Leon and wished to settle the score, this would be a matter between Leon and Felton.

Indeed, this had nothing to do with the Morrisons.

The Morrisons were the most powerful family in the western region and if he could convince Caleb to give up on protecting Leon, this would be ideal.

That way, taking Leon down would be much easier.
