

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2874-“The chairman of Cynthion Group is something. He’s an outsider, yet he dares to cross the Formers, the Grimstons and the Underwoods.” “Does he have a death wish?” “Yeah. With the Grimstons and the Underwoods in the picture, he is outnumbered. As capable as the Morrisons may be, they can’t fight off three powerful families to keep him safe!”

The others all gasped and turned to look at Leon, who stood tall, in shock.

The Morrisons had been promoting the sales drive for the past few days and most of the younger martial artists witnessed the power of alchemical pills at Jaxon’s bouquet. Hence, they all came to participate in the sales drive to purchase alchemical pills.

All they knew about the chairman of Cynthion Group was that he was a young man and an outsider from the southern region.

Still, if Leon could build Cynthion Group all by himself, they assumed that he was a wise and brilliant man.

However, what they were seeing seemed to contradict what they anticipated.

For some reason, Leon offended the Farmers, the Grimstons, and the Underwoods at the same time.

This seemed overly arrogant of him. No one his age would dare to do such a thing.

Even older martial artists like Caleb and the Western Boss would refrain from crossing three powerful families at once, yet an outsider did exactly that.

It was practically suicidal.

At the moment, the Farmers, the Grimstons, and the Underwoods all gathered at the sales drive to retaliate against Leon.

No one thought Leon was about capable of fighting three prestigious families at once.

If they were right, Leon would surely perish on the spot and that seemed like the only possibility.

“It’s strange. Why is Felton getting help from the Grimstons and the Underwoods? Where are the Southern and Western Bosses? Are they not here yet?” Leon ignored the threats from Dorian and Cassius and frowned in confusion.

When Felton led his men into the sales drive, Leon already guessed that he still had tricks up his sleeves.

There was no way that Felton came to fight Leon and the Morrisons with the help of just a few Farmers, as this would be suicidal.

However, he thought that Felton was waiting for reinforcement from the Southern and Western Bosses.

Amid his confusion, he wondered where the army led by the Southern and Western Bosses went.

Could it be that they were still on the way and planned to show up at the very last moment?

Leon was practically pushing Caleb and the Morrisons to their graves.

Facing the Farmers, the Grimstons, and the Underwoods at the same time, Caleb was at a loss.
