

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2881-“Damn it!” “How could this happen?”

It was not just Felton. Both Dorian and Cassius also realized that the situation had taken a turn. Their faces soured, helpless expressions painted across them.

in our cultivation!” “Do you still think that our Dagleshs and Morrisons’ Mansion stand no chance against you and the Underwoods?”

At this moment, Elder Daglesh sneered mockingly.

“Well...”

Dorian and Cassius fell silent, unable to respond.

“Dorian, Cassius, out of goodwill towards our shared humanity, I’ll give you a piece of advice.

“If the two of you, along with Felton, choose to leave now, we can pretend this never happened.

“Otherwise, well have to settle matters by force.”

Seeing that Dorian and the others had lost their earlier arrogance, Caleb seized the opportunity to speak. Despite their superior cultivation levels, he and Elder Daglesh were not without concerns.

“To hurt the enemy at the cost of self-damage, it’s not a wise choice.”

Even if they could protect Leon with their combined strength, the losses among the experts from the Morrisons and Dagleshs would be substantial. It would be detrimental to both clans.

On the other hand, if Felton and Dorian were willing to abandon their pursuit of Leon and leave, it would be ideal.

“Felton, what do you think we should do now?” “Should we retreat first and then discuss further?”

Hearing Caleb's advice, Dorian and Cassius's expressions darkened, instinctively turning their gazes towards Felton.

Morrison's and Dagles's sheltered Leon now, making it impossible for either side to eliminate him.

To prevent unnecessary casualties, both sides reluctantly considered backing down.

As for Leon breaking one of Bucky's legs, although Dorian was not entirely satisfied, he believed in the proverb: A gentleman avenges ten years later.

He planned to wait until Leon was alone or lacked protection from the Morrison's and Dagles's to seek revenge and help his grandson, Bucky, settle the score.

On the other hand, this time, Felton joined forces with the Grimston's and Underwood's to confront Leon, with the Farmers playing a leading role.

Now, both he and Cassius were considering withdrawing, but they needed to consult Felton first.

"Um... I guess that's the only way," Felton said after a brief pause, nodding.

Like Dorian, he could not easily let go of his hatred towards Leon.

Currently, his father, Western Boss, and Southern Boss had led some elite members of the Farmers to rescue Rodney in the Southern Region.

It was precisely because of this plan that Felton decided to abandon the pursuit of Leon and prepare to retreat.

The Ex Husbands Revenge Chapter 2882-"Leon, you got lucky today, with both the Morrison's and Dagles's protecting you. I'll let you off the hook for now!" He sneered, "But next time, luck won't be on your side like this!" "Dorian, Cassius, let's go!" Before leaving, Felton dropped a menacing remark, and then signaled to Dorian and Cassius to retreat together.

"That ordeal finally comes to an end," Leon remarked. "Thankfully, it was all just a false alarm, much ado about nothing."

Watching Felton and the others prepare to leave, both Caleb and Grandfather Elder Daglesh could not help but breathe a sigh of relief, feeling the weight lifted off their shoulders.

However, the next moment brought something incredibly surprising before their thoughts could settle.

“Leaving so soon?” Leon, who had been silent until then, snorted coldly.

Stepping forward swiftly, he immediately blocked Felton and Dorian’s path.

“What’s the meaning of this, Leon?” Felton’s expression darkened, his gaze towards Leon filled with displeasure.

“What do you think?” Leon retorted sharply. “Felton, this time you colluded with the Grimstons and Underwoods to disrupt our Cynthion Group’s sales conference! You think you can come and go as you please? Such a thing doesn’t exist in this world!”

Leon’s face was twisted in a cold smirk. He had not rushed to confront Felton earlier because he was waiting for the arrival of the Western and Southern Bosses.

However, what he had never dreamed of at the moment was that Western Boss and Southern Boss never appeared!

This inevitably puzzled him, unable to figure out where Western Boss and Southern Boss had gone!

Yet, regardless of where Western Boss and Southern Boss had vanished to, it no longer mattered. With Felton, Dorian, and the others about to retreat, if he did not act now, it would be too late!

“What?” Leon’s words stunned the entire gathering! Especially the various ancient martial arts families watching, they were well aware of the formidable strength of the three major forces. The Farmers, the Grimstons, and the Underwoods.

State, they were no less powerful than Felton and Dorian.

However, the strengths of both sides were evenly matched, neither able to overpower the other!

Now, under the staunch protection of Caleb and Elder Dagleth, Felton, Dorian, and the others finally agreed to retreat, albeit reluctantly.

If Leon refused to let Felton and Dorian leave, once a direct conflict erupted, their Morrisons and Dagleths would inevitably suffer heavy losses, inviting trouble upon themselves!

This would benefit neither their families nor Leon!
