Chapter 3831

“Wow, this...could this be the place where the immortal fell?”

“What a big sect. It’s getting rich, getting rich...”

“There must be a lot of treasures here. Fortunately, we didn’t leave!”

Many monks also rushed. When we arrived at the entrance of the cave, looking at the majestic sect below, everyone was so happy that they almost jumped up!

Ouyang Zhenhua was also shocked by the sight in front of him!

He also didn’t expect that the cave was connected to such a large sect!

Many monks jumped down one after another, and everyone was amazed!

At this time, David and the others had already entered the sect. Looking at the dilapidated houses and collapsed buildings, David was filled with sighs!

“Cheer up, be careful. There are traps in this sect.”

David knew that even if such a huge sect was destroyed, there would still be traps and the like in the sect!

There will even be remaining formations!

After all, this kind of sect must have a sect-protecting formation!

At this time, Ouyang Zhenhua and the others had already caught up. Seeing that David and the others were cautious, Ouyang Zhenhua stepped forward and said, “Fellow Taoist, is there still danger in this ruined Holy Sect?”

The reason why Ouyang Zhenhua asked David Ping, because he felt that David should have known about this place in advance!

After all, no one dared to enter the cave, but David was the first to enter!

How could David dare to enter without full assurance and confidence?

“I don’t know, but it’s better to be careful. After all, such a huge sect should have remaining formations and traps,”

David said!

“In this case, let the puppet in my hand explore the way. If there is any danger, we can respond.”

After Ouyang Zhenhua finished speaking, he waved his sleeves and two black shadows appeared instantly!

Then they turned into two puppets as tall as each person. Under Ouyang Zhenhua’s command, they began to slowly move deeper into the sect!

The hierarchy of the Wuji Holy Sect is very strict, depending on the sect. You can see it in the architecture!

Just after entering the sect, there were relatively low rooms. Although some collapsed, some were still intact.

These should be places where ordinary disciples live!

And the further you go inside, the taller and heavier the house becomes!

After passing through those low rooms, independent courtyards appeared one by one. These should be where some of the senior disciples of the sect live!

These people all have their own independent cultivation space!

David and the others found a relatively complete courtyard, and then carefully opened the door and entered!

But just as the two puppets walked through the door, they suddenly exploded without warning!

The solid puppet turned into scum in an instant.

This scene shocked everyone!

If there were no puppets to check in front of us, the people who entered first would probably be dead by now!

“What a powerful formation. How many years has it been? It’s still so powerful?”

Ouyang Zhenhua said with lingering fear!

David frowned, his eyes full of solemnity!

If a disciple’s courtyard is protected by such a formation, then the sect’s main hall behind it, as well as the elders behind the sect and the residence of the sect master, will they still be able to investigate?

“Everyone, please don’t move. Let me see how many magic formations there are in these courtyards.”

David wanted to know how the magic formations set up by the Heavenly Sect were different from the current magic formations!

After all, the Wuji Holy Sect has been destroyed for who knows how many years. When Demon Lord Chiyun came to the world of heaven and humanity, the Wuji Holy Sect had already been destroyed!

And Demon Lord Chiyun has been suppressed at the foot of the Demon Mountain for thousands of years, even earlier than the war between gods and demons!

Then the destruction of Wuji Holy Sect will be even longer!

Was there any other terrible war before the war between gods and demons?

David pondered, if he could destroy such a huge sect like the Wuji Holy Sect, then the other party’s strength must be extremely terrifying!

Chapter 3832

Anyway, a character like Demon Lord Chiyun would never be able to destroy a sect like Wuji Holy Sect!

David was pondering in his heart, but Demon Lord Chiyun said, “You kid, just think, don’t always compare me. Although I am a Demon Lord, I am not the master. How can I destroy a heaven like the Wuji Holy Sect?” “Although I can’t destroy the major sects in the heavenly realm like the

Wuji Holy Sect, it would be easy for me to destroy the sects in the heavenly and human realms.”

David was speechless for a while, and he just thought about it. Demon Lord Chiyun was actually unhappy and quite concerned about face!

“Help me open the Tianming Eye. I want to observe how many formations are left in this Holy Sect.”

David said to Demon Lord Chiyun!

Soon, a light red light flashed on David’s forehead, and then a shape similar to an eye appeared on David’s forehead!

Then David’s eyes turned gloomy, and formations appeared with the help of Tianming Eyes!

I saw a series of complex and mysterious formation patterns, forming one formation after another!

Seeing the formations in front of him, David took a breath of cold air, because these formations in front of him were simply exquisite!

Moreover, this is the courtyard of the Holy Sect disciples, so it is surrounded by various formations!

There are defensive formations, killing formations, and spirit gathering formations to help with cultivation. Many formations are overlapped in a courtyard!

This was the first time David had seen this kind of overlapping formations!

You must know that each formation has different functions. If placed in the same position, there will be various restrictions on it!

After all, there are several formations in one place, and the conditions for opening the formation will be restricted!

When should we activate the defensive formation, when should we activate the killing array, and when should we activate the spirit gathering array?

This is a very complex problem!

David wants to arrange the formations in a few places, and they must be well-proportioned, so that the formations will be activated in sequence!

But this was the first time David had seen this kind of all-inclusive formation thrown together!

r> David used his Tianming Eye to carefully observe various formations!

He wanted to take the opportunity to do some research and learn some formation techniques, which might be of great help to him!

With the Tianming Eye, David can intuitively detect various formations, and research will be much faster!

David stared blankly, and many of the monks behind him couldn't wait!

“What is this guy doing? Can he break the formation?”

“Why is he still motionless? Is he trapped in the illusion formation?”

“How long will this wait?”

Some monks can't wait!

“Everyone, please be patient. This fellow Daoist Chen took the lead in saving us and led us here. We must choose to believe him.”

“Let's wait and see. It is estimated that this magic circle will be difficult to break... ..”

Ouyang Zhenhua comforted everyone!

After listening to Ouyang Zhenhua's words, many monks became quiet!

At the same time, Mu Nayi, who was on the top of the mountain, discovered that David and the others had not reached the top of the mountain for such a long time!

Mu Yao and everyone in the Mu family also explored the entire mountain top, but found no Youji Stone Mine!

“Miss, the entire top of the mountain, except for the side wrapped by the Chaos Land, has not been explored. Other places have been looked at, and no pole stone mines have been found at all.”

“But there are a lot of pole stones scattered everywhere, and I sent people to pick up a lot of them! “

Mu Yao said!

“Short-sighted, how many can you pick up? Only if you find the pole stone mine, then our Mu family will have a steady stream of pole stone resources.”

“Then why don’t David and others come up?”

Mu Naiyi frowned slightly, She didn’t know that David and the others had found the cave!

“Miss, if the Jishi Mine was not found on the top of the mountain, could it be halfway up the mountain?”

“Could it be that David and others found the Jishi Mine halfway up the mountain, so they didn’t come up?”

Mu Yao said!

Chapter 3833

“It’s very possible, let’s go down the mountain...”

Mu Naiyi waved his hand and led everyone in the Mu family down the mountain!

The entrance of the cave is still shining with light. It won’t be long before everyone in the Mu family will be able to discover the cave.

At this moment, David is still observing and comprehending the formation in front of him!

Suddenly David moved, and then walked towards the courtyard!

When Binglu and others saw this, they hurriedly stepped forward to hold David. "Mr. Chen, it's dangerous. Don't be impulsive.

" dangerous!

Ouyang Zhenhua and others were also shocked by David.

"Fellow Daoist Chen, if you find a way to break the formation, we can try it together. You must not enter it alone.

It is too dangerous." "Just now, my two puppets turned into scum in an instant. They were made with extremely scarce materials. It's made of black stone, it's very hard, but it still can't bear it, don't take the risk,"

Ouyang Zhenhua also advised David!

David's body was mortal and he didn't have the slightest protection. If he went in like this, wouldn't he be seeking death?

Binglu and the others stopped David from taking any risks!

"Don't worry, if I wasn't sure, I wouldn't act easily."

David smiled lightly, and then passed between Binglu and the others!

Binglu, Lan Yingying and the remaining saints looked at David nervously!

Although David said he was confident, they were still nervous!

If there is anything wrong with David, they know what will happen to them!

In this polar region, without David's protection, they would not be able to get out at all.

And without David, I don't know what these monks in front of me will do!

Who wouldn't be tempted by a graceful and beautiful woman?

You must not have the intention of harming others, and you must have the intention of guarding against others!

These monks have all seen how powerful David is, so they can suppress the lustful thoughts in their hearts!

But if something unexpected happens to David, who can guarantee that these people will not take action against Binglu and others?

In full view of the public, amid the tension of Binglu and others!

David entered the courtyard!

But the puppet scene didn't appear, David was fine, and the formations in the courtyard didn't seem to react!

Whether it was Bing Lu or Ouyang Zhenhua, they all looked shocked!

They didn't know what method David used to stop this formation from activating!

David walked into the courtyard, his palms were in the air, as if he was groping for something!

Soon, David smiled slightly at the corner of his mouth, "I see, no wonder so many formations can be fused together, and there is no activation limit."

David discovered that the activation of these formations was determined based on breath. Among these formations, The aura of the monk has been imported a long time ago!

The formation will automatically be judged based on the aura. The person who enters the aura will enter and the spirit gathering array will be opened, allowing people to practice quickly.

And if the breath of the intruder is not entered into the formation, the defensive formation and killing formation will be activated at the same time to block the intruder!

This point touched David deeply.

After all, after many formation masters set up formations, only they can move freely in the formations, and others cannot use the formations.

Especially for the fusion of multiple formations, it is most convenient to use breath to determine when to activate which formation.

As for this method of inputting breath, as long as the breath is input, even if the formation master is not present, the person whose breath is input can move freely in the formation!

This is a good method. After David learns this method, he can lay out a variety of formations and then input his breath. These formations can be controlled by multiple people who input their breath.

David understood the principle and was able to crack the formations one after another like a duck in water!

Chapter 3834

It only took a quarter of an hour for David to disarm the formation.

“Okay, you can come in...”

David said after breaking the formation!

Upon seeing this, Binglu and others cautiously walked into the courtyard and found that no formation was activated!

Only then did I feel completely relieved!

Ouyang Zhenhua and others also followed into the courtyard!

This courtyard is still intact and has not been damaged by the battle!

Although the yard is not big, the layout is very reasonable, including a practice room, an alchemy room, and even a small study room!

Walking in, there were a lot of rune papers inside. There were cinnabar pens for carving runes on the table, as well as various paints!

David could not have imagined that this disciple of the Wuji Holy Sect could also make elixirs and draw talismans. He was truly an all-round talent!

Looking at the talisman in front of him, David reached out to get it!

But as soon as he touched it, the talisman instantly turned into ashes!

At this time, David did not dare to flip through it casually, but looking at the runes on the table, he saw that several runes had been drawn on them, but not all of them were drawn at all. It can be seen that the monk left in a hurry at that time!

“Ah...”

Just as David was studying the half-drawn runes carefully, someone suddenly screamed!

David rushed out of the study!

I found a monk whose palms seemed to be corroded by something, and white smoke was emitting from them!

David, with his sharp eyes and quick hands, chopped off the man’s hand with one sword!

Soon, the chopped palm turned into a white smoke, and was completely corroded and disappeared!

“What’s going on?”

Ouyang Zhenhua asked the monk with a face full of shock!

“I...I just saw a formation disk in the room, and wanted to pick it up and observe it, and it turned out like this.”

The monk who lost his hand said!

Obviously, this monk wanted to get some treasures in this room, but unexpectedly he was plotted against him!

“Don’t mess with the things here. Moving, it seems very peaceful here, as if there is no danger at all, but in fact, there are undercurrents here, full of all kinds of dangers and uncertainties. “

David warned everyone!

If someone wants to steal something again, I'm afraid various situations will happen!

After listening to David's words, the monks who originally wanted to search for treasures have obviously become much more honest!

This Wuji Holy Sect It was full of weirdness, and they didn't dare to act recklessly!

David walked up to the formation plate that the monk was talking about

! You can see what kind of formation it is in the formation pattern!

In David's palm, a ball of gas burst into flames, and then the flames enveloped the formation disk, and then bursts of smoke

began to appear on the surface of the formation disk ! , it's obvious that someone has tampered with the array, and unknown powder has been sprinkled on it!

Anything that touches it will be corroded immediately.

However, under the burning of the Supreme Fire, the fluorescent green light becomes weaker and weaker

. After the fire was extinguished, David reached out and picked up the formation disk!

David's hand was not corroded.

David studied it carefully, and a burst of spiritual power penetrated the formation disk. David wanted to activate the formation disk. Look at this. What kind of formation was carved in the formation plate of Tianjie Sect!

But no matter how David injected spiritual power, the formation plate did not respond at all.

When David saw this, he could only put the formation plate away and wait until he had time. Study it carefully!

After all, this is also the formation disk of Tianjie Sect, which is of great significance for research!

Although many monks were envious when they saw David put away the formation disk, no one said anything after

all ! You can't even enter this yard!

David glanced at it with his Tian Ming Eye and found that there was no poisonous powder on the other items, so he said, "This is the Tianjie Sect, so some things are priceless. Find what you need. ! "

Now that David has taken the array, we can't let Ouyang Zhenhua and others get nothing!

David is not that selfish.

Chapter 3835

"Fellow Daoist Chen, are there any traps in these things?"

Ouyang Zhenhua asked worriedly!

"Senior, don't worry, I've already checked it out, everything will be fine."

As soon as David finished speaking, everyone began to swarm over the things in the room!

I wish I could move the entire courtyard.

David walked out of the courtyard and found another well-preserved courtyard to observe!

After observing, David realized that the formations in each courtyard were not connected. They should have been set up by the monks in each courtyard themselves!

After all, everyone's cultivation level and understanding of formations are different, so it is normal to set up different formations!

But there is one thing, that is, these courtyards are the fusion of multiple formations, with aura instilled in them!

That is to say, other monks who come to the courtyard will not be attacked by the courtyard formation!

David broke through the formation with ease, and then strolled into the courtyard, as if he had walked into his own home!

Binglu and the others had finally seen what David was capable of, so they followed behind and were no longer afraid at all!

Walking into the courtyard, the layout and furnishings are almost the same!

It's just that there is no room for drawing talismans in this courtyard. This monk should not know how to draw talismans!

After looking around, there was nothing good, and David was slightly disappointed!

If there is nothing in these complete courtyards, then there should be nothing in other collapsed and dilapidated places!

“Mr. Chen, look what this is.”

Binglu suddenly took out a scroll that had been covered with dust from the corner of the room!

“Be careful...”

David was shocked and quickly snatched the scroll over!

If there are any traps here, Ice Dew will be in danger!

But fortunately, there are no traps, and the ice dew is fine!

David took the scroll and found that it was just an ordinary thing, with no feeling at all. Unexpectedly, the spiritual energy is radiating!

The more this happens, the more strange David becomes!

Ordinarily, the things here should not have any aura at all!

After all, they all passed through the hands of immortals. Even if they are random things, they should be treasures in this world of gods and humans!

How could it be so ordinary without any spiritual energy fluctuation?

To put it bluntly, even if an immortal soaks his urine, if it reaches the world of gods and humans, it should be holy water, full of spiritual energy or fairy energy!

David tested it again and found that the scroll did not have any spiritual energy fluctuations!

Seeing this, David found a table and opened the scroll bit by bit!

David was very cautious because he didn't know what would be in this scroll!

When the scroll was half opened, David discovered that there were courtyards and pavilions painted on it. The painting was very beautiful and lifelike!

When the scroll was completely opened, a majestic sect scroll appeared in front of David and the others!

"This...is this what the Wuji Holy Sect looked like before it was destroyed?"

David looked at the scroll in front of him, and his heart was filled with shock!

Because looking at the scroll, the Wuji Holy Sect is indeed magnificent, a thousand times more powerful than the dilapidated image now!

Even though it was so dilapidated, David felt extremely majestic!

You can imagine how shocking the scene was before it was ruined!

David's breathing became a little rapid, and even Binglu and others were shocked!

The magnificent Wuji Holy Sect was crowded with people, it was so lively!

And everyone above is also lifelike, as if they are alive!

"It turns out that the Wuji Holy Sect was so glorious in the past. It's such a pity..."

David couldn't help but sigh!

Such a glorious sect has also been submerged in the long river of history. If it weren't for Demon Lord Chiyun, David wouldn't have been able to find it here. Then Wuji Holy Sect doesn't know how long it will be buried, and perhaps future generations will no longer know about it. There is such a sect as Wuji Holy Sect.
