

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2891-“This kid’s at his limits! Let’s work harder and keep attacking to destroy him!”

The First Apostle was excited when he saw that Leon was losing.

He immediately made the decision and commanded the other three Apostles.

“Yes! Kid, take this! Rumbling Strike!” the other three Apostles said.

Without hesitation, they each launched their most powerful attack, the Rumbling Strike.

Tremendous power gathered on their fists and noises that resembled the rumbling of thunder could be heard as they charged at Leon.

The Rumbling Strike was a technique that the Western Boss taught them and it was extremely powerful.

Since they were already at an advantage, they should be able to take Leon down with the Rumbling Strike’s power and end the fight immediately.

Baam! Baam!

Not daring to lose focus, Leon launched two Earthly Plunder with both his hands to fend off the Rumbling strike from two apostles.

He then executed the Phantom Steps to dodge the attacks from the other two apostles.

However, the Rumbling Strike was simply too powerful.

Even though he dodged in time, he was still struck in the chest. He backed up a few steps before finally being able to steady himself.

Thankfully, the Mirror of Sovereign protected him, and he suffered no injury.

Still, this caused him to back toward the other three Apostles.

“Again!” The four Apostles all perked up.

They repeated the same trick and launched the Rumbling Strike from four different directions once again.

Leon was instantly at a disadvantage and was in grave danger.

“Great! Destroy him!” Felton was excited to see Leon losing and revealed a triumphant smile.

He already guessed that Leon would not be able to face the four Apostles alone.

Seeing as he was right, he completely relaxed.

If he was right, Leon would lose soon and that was the only possible outcome.

Dorian and the others, including the Dagleshs and the Morrisons, all felt the same.

They could all tell that Leon was losing.

The other guests sighed and looked at Leon with pity.

They all knew the extent of the four Apostles’ strength.

Given their power, even Caleb and Elder Daglesh who were in the They all predicted that Leon would lose from the start and were not surprised.

The Ex Husbands Revenge Chapter 2892-“Oh no! Grandpa, Leon’s in danger. Think of something or help him,” Renee paled in fear and turned to Caleb for help.

Given her feelings for Leon, she could not simply watch as he died.

In her desperation, she could only seek Caleb’s help, hoping that he could help Leon.

“I-” Caleb’s expression shifted.

Leon was the Morrisons’ business partner and he did not want anything bad to happen to Leon either.

However, he was stopped from interfering by the Fermers, the Grimstons, the Underwoods, and Leon himself. Because of that, he already declared that he would stay out of it.

He could not simply break his promise.

With the Grimstons and the Underwoods lurking in the background, he would start a war if he helped Leon and the consequences would be unthinkable.

Elder Daglesh was clearly thinking the same thing.

Leon once saved Elder Daglesh's life and he desperately wanted to help Leon.

However, the consequences of that were simply too severe and Leon did not seek help or agree to accept help from either of them.

Therefore, he dared not to make a move and could only stand back helplessly.

"Old man, you wanted me to face you head-on, right? As you wish! Earthly Plunder!" While Renee worried about him, Leon scoffed and finally took an intrusive position.

Though the Western Boss's apostles did not know the Four Beasts Formation like the Southern Boss's apostles, they were all working perfectly together to attack from four different directions.

This was still quite troublesome to handle.

When he was sent back earlier, he was just acting like he was losing to get closer to the Third Apostle, seeking a chance to fight back.

Now that he saw a chance, he stopped dodging and turned to launch the Earthly Plunder at the Third Apostle.

His attack charged at the Third Apostle at lightning speed, making him the first target.

Not showing any mercy, he launched the Rumbling Strike once again at Leon.

The other three Apostles took advantage of the opportunity as well.

With that, the three of them launched the Rumbling strike as well.

Tremendous power gathered in their fists as they charged at Leon from different directions.

Instantly, Leon was caught in a dangerous position with attacks coming from different directions.

The Ex Husbands Revenge Chapter 2893-“It’s over!” “Leon’s acting out of desperation!”

Everyone was startled by the sight.

They all thought that it was a matter of time before Leon lost. Given Leon’s strength, he could continue using the Phantom Steps and would survive the four Apostles’ attack a while longer.

However, he gave up on his advantage in speed and attacked the Third Apostle.

He was desperate and intended to gamble.

Unfortunately, he was outnumbered and the difference in strength was too great.

Even if he gave it a try, he would only lose sooner.

If they were not mistaken, the Third Apostle would fend off Leon’s attack.

Once the other Apostles’ attack reached Leon, he would surely perish.

That was the only possible outcome.

Baam!

In the next moment, they all watched as Leon’s Earthly Plunder clashed with the Third Apostle’s attack.

Leon’s Earthly Plunder pierced through the Third Apostle’s attack and its aftermath charged toward him.

Unable to dodge, the Third Apostle was struck in the shoulder.

A sharp pain pierced through his shoulder and blood spilled when a deep wound was left.

His blood soon tainted his cloth, but the Third Apostle revealed an excited expression.

After Leon defeated the Fifth Apostle, he saw how powerful the Earthly Plunder was and knew he was no match for Leon.

He only took the blow because he wanted to stop Leon so that he could buy time for the other three Apostles.

Baam! Baam! Baam!

As he predicted, the First, Second, and Fourth Apostles' attacks reached Leon and Leon was facing attacks from three different directions.

With that, Leon should be stuck.

"Damn it!" After injuring the Third Apostle, Leon intended to take him down completely.

Unfortunately, the other Apostles were too swift and worked together to attack.

It did not seem to make sense for him to strike at such a big price.

Resigned, he stopped attacking the Third Apostle and launched the Phantom Steps.

With his speed advantage, he swiftly escaped the attacks from the First and the Fourth Apostles.

However, he could not see behind him and could only dodge attacks from his right and left sides.

The Ex Husbands Revenge Chapter 2894-"Old man, you're the one who should die!" Just as he was about to get struck, Leon turned around abruptly to take the blow with the Mirror of Sovereign.

He turned to look at the Second Apostle with a mocking look in his eyes.

“As if! Die, kidr The Second Apostle had a bad feeling when he saw the mocking look in Leon’s eyes. However, he did not have much time to think before his attack landed on Leon’s chest.

“As expected!” “It’s all over.”

The crowd felt conflicted.

They could tell that Leon was digging his own grave for attacking and that seemed to be the reality.

Though Leon was formidable for someone his age, he was still a human and since he took a blow on the chest, he would surely perish.

That seemed to be the only possible outcome.

“Great! I’ve finally gotten rid of him!” Felton was overjoyed and burst into laughter.

He held a deep grudge against Leon and desperately wanted to get rid of him.

With all the work put in by the four Apostles, Leon was finally eliminated and avenged what happened before.

Felton was over the moon.

Because of his excitement, he completely forgot that he intended to capture Leon alive to take Cynthion Group away.

If Leon truly died, how would he obtain Cynthion Group?

“How can this happen?” Contrary to his reaction, Elder Daglesh, Caleb, and the others all felt devastated.

Renee was utterly stunned. She was in love with Leon and when she saw Leon taking a critical blow in the chest, she was overwhelmed by sorrow and despair.

However, what happened next shocked them all.

Baam!

Following a loud noise, the Second Apostle's attack struck Leon in the chest.

However, Leon did not move an inch and remained unscathed.

"What? This isn't possible!" The Second Apostle was shocked.

He thought that his Rumbling Strike would hit Leon in the chest and kill him on the spot.

To his bewilderment, Leon was unscathed and managed to launch a counterattack.

This completely caught him off-guard.

On top of that, he was still on the momentum of his initial attack and could not dodge Leon's attack.

The Ex Husbands Revenge Chapter 2895-Baam!

Following a loud bang, Leon's fist landed on the Second Apostle's chest.

The Second Apostle was instantly sent flying and landed on the ground.

As soon as he landed, he spat blood and paled, before slumping on the ground.

Since Leon's level in sage art was much higher than martial art, the injury the Second Apostle suffered was worse than that of the Fifth Apostle since he took a blow of spiritual energy directly from Leon.

He was lucky that he dodged in time to prevent taking the blow in the heart; that was how he managed to survive.

"What?" "How's this possible?"

Everyone, except for Iris, Chandler, and the others who knew Leon well, were shocked and rubbed their eyes in disbelief.

They all saw the Second Apostle's attack landing on Leon's chest and they all thought he was doomed.

To their bewilderment, he was unscathed and even managed to injure the Second Apostle.

This was so surreal that they were all shaken to the core.

“Mister Wolf is alright. That’s great!” Snapping out of the initial shock, Caleb and the others were overjoyed.

Renee was so relieved that she could cry and the despair within her vanished within an instant.

“Damn it! How can this happen?” Contrary to their reaction, Felton, Dorian, and the others all despaired.

None of them could understand how Leon managed to survive such a powerful attack from the Second Apostle and managed to win on top of that.

This was practically a miracle and they would have never believed it to be true if they did not see it with their own eyes.

Just then, realization dawned on Dorian and Cassius.

Otherwise, he would not be able to survive unscathed after taking a direct blow from the Second Apostle.

No one could accomplish that.
