

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2906-“You don’t have to come to the National Security Department! I’ve brought the Scarlet Thiefs corpse over!”

Just then, they all heard someone hurrying over and Captain Scots strode in with two other employees following closely behind, carrying the Scarlet Thiefs body on a stretcher with a white fabric covering it.

It became clear that Captain Scots verified the body’s identity and came to report to Alfred.

“Good sirs, this is the Scarlet Thief’s body!” Captain Scots waved his hand, signaling the two employees behind him to lower the stretcher, before lifting the fabric to reveal the body.

“It’s the Scarlet Thief! How’s this possible?!”

Jaws dropped and Zack and the others from the eastern region were incredibly stunned as they thought Leon was only bragging.

To their bewilderment, Leon told the truth and he indeed eliminated the Scarlet Thief.

It was so surreal that they would never believe it to be true if they did not see the body with their own eyes.

“Captain Scots, what are the results? Is this body the Scarlet Thiefs?” Alfred asked hastily.

The Scarlet Thief’s information was publicized a long time ago, so Alfred recognized the corpse almost right away. However, modern technology was far too advanced and the Scarlet Thief was too skilled in hiding, so he needed a DNA test to ensure that they killed the Scarlet Thief instead of someone else.

“Yes! Mister Glasbey, here are the results. According to the test, the body’s fingerprint and physical characteristics match the Scarlet Thiefs profile. I can say for sure that this body belongs to the Scarlet Thief,” Captain Scots said as he handed the report to Alfred.

“Good!” Alfred glanced through the report and burst out laughing.

Though Leon mentioned that the Scarlet Thief was eliminated, Alfred was still slightly concerned that there might be some sort of mistake. However, after reading the detailed test results, he was relieved.

“Zack, why don’t you and the others take a look at this?” Knowing that Zack and the others had their doubts about Leon, Alfred handed them the report as well.

Zack accepted the report and read through the pages intently, and according to the data shown on the report, they all confirmed that the corpse belonged to the Scarlet Thief.

“Mister Wolf did this?!”

“How did he manage such a thing?!”

Zack and the others were stunned.

They knew how capable the Scarlet Thief was as the Southern region Dragon Corps were not able to hunt him down; the Dragon Corps from the eastern State along with several martial artists in the Intermediate and Initial Almighty States.

Even so, they were not confident that they could eliminate the Scarlet Thief, yet Leon managed to accomplish the impossible all by himself.

It was a miracle and they were all shaken to their cores

The Ex Husbands Revenge Chapter 2907-“Zack, here’s the truth! You should believe in what Leon is capable of now, right?’ Alfred asked with a smile.

“Yeah, we do,” Zack nodded with a blush.

He and the other martial artists from the eastern region all made assumptions that Leon could not have killed the Scarlet Thief on his own and even questioned Leon about it, only to be proven wrong by the reality and realize that they made a fool of themselves.

They felt both embarrassed as they realized that they underestimated Leon.

“Mister Glasbey, does that mean that Mister Wolf truly killed Asmodeus and the Poisonwielder?” Zack asked.

He mistakenly thought that Leon relied on connection instead of true strength, and assumed that Alfred was being unfair for crediting the elimination of both Asmodeus and the Poisonwielder to Leon. However, since Leon managed to kill the Scarlet Thief on his own, it no longer seemed as unlikely for him to kill Asmodeus and the Poisonwielder.

For Leon to possess such power, he must be relying on far more than just connections to achieve his current status, and they all instantly realized that all Alfred mentioned about Leon might be true.

“Of course! I already told you all that Leon killed both Asmodeus and the Poisonwielder on his own,” Alfred said without hesitation.

“But, I heard that the Poisonwielder was killed by a group of Dragon Guards from both the southern and western regions! How can you say that Mister Wolf did it on his own?” Zack asked in confusion.

“Zack, I shall answer that question! I participated in the mission to hunt the Poisonwielder down, so I know what happened best.”

Just then, an old man in Gray stepped out of the crowd.

It was none other than Scott who followed Leon to the western region.

“Sure. Please go on.” Zack nodded.

“Here’s what happened; Though the Dragon Corps in both southern and western regions joined forces, the poison used by the Poisonwielder was too powerful and we all came close to falling victim to it. Thankfully, Mister Wolf saved us and managed to track and kill the Poisonwielder on his own, ” Scott explained.

On the mission to kill the Poisonwielder, not only were the Dragon Guards not able to help much, they burdened Leon and allowed Leon to escape him.

Leon somehow managed to track and killed the Poisonwielder alone, so it was indeed Leon’s effort that led to the success. Still, Leon did not take all credit and offered his teammates the contribution points equally, and Scott was always been grateful for it

The Ex Husbands Revenge Chapter 2908-“I see! We didn’t expect someone as young as Miser Wolf to kill three criminals in a row. How impressive!”

Zack and the other Dragon Guards all realized that they misunderstood Leon and were all impressed by Leon’s talent.

There was never another man in all of Sky County who managed to eliminate three criminals consecutively, so it was a glorious accomplishment that Leon managed to do so.

“Zack, you’re too kind. I just got lucky.” Leon smiled.

“You’re being modest, Mister Wolf. All individuals on the criminal list are Almighty martial artists who can’t be easily defeated, so you have to rely on more than sheer luck to defeat them,” Zack said sincerely.

Not only were the criminals ruthless and cunning, they were all formidable martial artists so it would have been challenging enough to eliminate one of them, let alone three. Hence, it could easily be concluded that Leon must be extremely powerful.

“Yeah!”

“Youngsters hold the most potential! I guess that saying is true!”

The other Dragon Guards agreed along.

The Dragon Corps always valued power above all, and since Leon managed to defeat the Scarlet Thief on his own, he must be in the Intermediate Almighty State or higher, which was unheard of for someone his age.

On top of that, Leon eliminated three criminals who took countless lives, so he could easily be referred to as a hero.

Hence, everyone was impressed by Leon’s power and talent in martial arts.

“As expected of someone Master Haslewood recommended. I haven’t been disappointed once!” Alfred beamed as others complimented Leon.

Leon worked under the southern region Dragon Corps and Alfred took pride in any accomplishment Leon made.

When Master Haslewood recommended Leon to Alfred, Alfred was confused as to why someone as accomplished as Master Haslewood would pay attention to a mere young man. At this moment, Alfred finally understood how perceptive Mister Haslewood was.

After a while, everyone calmed down and Zack decided to bid his farewell.

“Mister Glasbey, since the Scarlet Thief is dead, there’s no point for us to be here any longer. If you don’t have anything else that requires our help with, we should head back now!”

“Hang on! Zack, you and your group have traveled a long way and I hate to let you leave just like that. How about this? I’ll have my men prepare a feast to serve you. You can all head back after lunch,” Alfred said enthusiastically.

Zack and the others were his guests who hurried to his rescue, so Alfred knew that he had to at least show his gratitude before they left.

The Ex Husbands Revenge Chapter 2909-“Um, sure! We’ll take you up on your offer, then, Mister Glasbey!” Zack hesitated for a moment, before agreeing.

“Scott, go make arrangements for the feast. Oliver, Abraham, take Zack and the others to rest!” Alfred commanded.

“Yes!” Scott responded, before leaving.

Oliver and Abraham led Zack and all the other Dragon Guards to somewhere else to rest.

Soon, the crowd dispersed, leaving Leon and Alfred alone in the yard.

“Leon, come join us in the feast later! I have to celebrate your accomplishment!”

Alfred said with a smile.

“Um, I’m afraid I can’t, Mister Glasbey. I have something else to attend to later, so I can’t come to the feast,” Leon said hesitantly.

“Something else to attend to? Is it something important?” Alfred was shocked as he did not expect Leon to refuse participation.

Leon nodded. “Yeah, it’s really important.”

He took a Dragon Pill to deal with the Scarlet Thief and its effect was going to end soon. Leon would shortly be in a recovery phase, so he would not be able to attend the feast. However, the Dragon Pills were one of his secret weapons, so he could not explain the truth to Alfred.

“I see! Alright, then. If you’re busy today, we shall have another feast to celebrate your accomplishments another day!” Alfred said in disappointment.

Leon accomplished what no one ever fulfilled by killing Asmodeus, the Poisonwielder, and the Scarlet Thief in a row. Alfred wanted to take the opportunity to celebrate Leon’s accomplishment and praise him in front of everyone. However, since Leon had other matters to attend to, he could only give up.

“Mister Glasbey, there’s something else I’d like to talk to you about,” Leon changed the subject.

“What is it?” Alfred asked.

“Firstly, I’m in debt of two-thousand contribution points over the Nine Suns Flower, so I want to use the Scarlet Thief’s body to make up for what I owe, “

Leon explained.

Back when Leon eliminated the Poisonwielder, he obtained a little over eight hundred points, and a Nine Suns Flower required three thousand points, so he was in the Dragon Corps’ debt.

“Sure. I’ll handle that for you later!” Alfred said.

Leon managed to kill the Scarlet Thief on his own and earned five- thousand points for it, so there were more than enough points to pay the debt he owed.

“Secondly, I want the Dragon Corps’ help to search for a Fairy Fruit and any herbs that contain light energy like the Sunlit Herb,” Leon continued.

The Dragon Pills were made from Fairy Fruits and since Leon had only a few Dragon Pills left, he intended to seek the Dragon Corps’ help in searching for

a Fairy Fruit. On top of that, he needed herbs that contained light energy to produce the Sun Pill.

In order to secure his position in the southern region, he needed to collect a few herbs that contained light energy to produce more Sun Pills.

He already sought Roanne's help to search for the herbs when she asked for more Sun pills on the Thompsons' behalf. However, such herbs were scarce and the Thompsons might not be able to find any.

Hence, Leon decided to seek the Dragon Corps' help as well for safekeeping.

If both ends managed to find herbs, that would be ideal as Leon could only benefit from obtaining more herbs that contained light energy

The Ex Husbands Revenge Chapter 2910-"It's over!" Watching as the Grimstons and the Underwoods left, Felton fell in despair.

He thought that by allying with the Daglehs and the Underwoods, he could surely keep the Morrisons in control and eliminate Leon. 1 To his bewilderment, Leon's power exceeded his imagination.

He somehow managed to defeat the Apostles, who were in the Intermediate Almighty State, without the help of the Morrisons.

On top of that, he was formidable enough to intimate the Grimstons and the Underwoods.

This was so surreal.

It was only at this moment that he realized why the Southern Boss kept warning him and the Western Boss about Leon.

The Southern Boss was not being timid. Leon's strength was boundless and exceeded his expectations.

He was too arrogant and ended up underestimating him.

Instantly, he started to regret proposing an alliance with the Grimstons and the Underwoods and seeking permission from his father to attack Leon.

If he did not do so, he would not end up this way.

Unfortunately, it was already too late.

“Great!”

“Mister Wolf is so impressive!”

Contrary to Felton’s devastation, Caleb and the others were all overjoyed.

Renee, who knew Leon ran out of Potential Energy Forces, was worried that Leon would perish at the hands of the Fermers, the Grimstons, and the Underwoods.

It seemed as though she was worried over nothing.

Despite being at a disadvantage, Leon managed to win miraculously.

Amid her joy, her heart settled down.

Naturally, not everyone amongst the Daglehs and the Morrisons felt glad about Leon’s victory.

Jayden was the sole exception and his expression remained dark.

Due to the conflicts between him and Leon, he desperately wished that the three families could teach Leon a lesson.

However, the reality proved him wrong. He could not figure out how a young man like Leon could be so formidable, nor could he accept what happened.

Still, he would have to swallow his pride regardless.

“It’s finally over!”

“Who would have thought that Mister Wolf is this powerful despite his young age?”

“I wonder how he did it!”

“Yeah. Youngsters are always surprising US, indeed!”

As the conflict came to an end, the others all turned to look at Leon with conflicted looks.

This completely changed the way they viewed martial arts.

On top of that, the world of martial artists valued strength above all.

With that, Leon made a name for himself in the western region due to the battle against the Farmers.

In terms of strength and resources, Leon rivaled Caleb and the Western Boss.

with that considered, he planted his roots in the western region so no one would dare to cross him again.
