

The Ex Husbands Revenge Chapter 2920

The Ex Husbands Revenge Chapter 2920-Once everything was handled, Leon took Iris and Roanne with him, while Chandler dragged Felton out of the venue.

Henry was left behind to protect Cynthia, Snow, and Ruth.

with the Morrisons and the Daglehs' help, the safety of the women and the smooth operation of the sales drive could be guaranteed.

“Leon sure is something.”

“He dares to go after the Western Boss and the Southern Boss.”

“Yeah, do you think he stands a chance of winning?”

“I don't know. Judging from the power of both sides, he probably won't win and will end up suffering.”

Watching Leon's fading figure, the crowd stirred.

After witnessing the standoff between Leon and the Grimstons, the Underwoods, and the Fermers, they all realized how powerful Leon was and They also found out that Chandler, who worked for Leon, was also in the Now that Leon was taking Chandler with him to go after the Southern Boss and the Western Boss, he may stand a chance.

However, it would be impossible for him to defeat them.

The Southern Boss and the Western Boss were notoriously ruthless. One careless mistake and Leon may lose his life.

No one believed that Leon could win unless he could create another miracle.

Meanwhile, Caleb ordered the Morrisons to capture the injured Apostles and Fermers, intending to hand them over to the Dragon Corps as Leon instructed.

“Dad, are you going to hand the Fermers over to the Dragon Corps? That's not that appropriate, right?” Jayden stood forward.

“How’s it inappropriate?” Caleb said with annoyance.

When Felton worked with the Grimstons and the Underwoods to attack Leon, Jayden kept trying to convince Jayden to give up on protecting Leon.

Caleb did not forget about it.

Thankfully, he did not listen to Jayden and stood by Leon’s side, otherwise, the Morrisons would have breached the contract and failed to protect Cynthion Group. The collaboration between the Morrisons and Cynthion Group would likely be ruined then.

He was yet to blame Jayden for it and Jayden was already stirring up trouble again.

Therefore, Caleb looked at him with a dark expression.

It was practically a declaration of war and the Western Boss would not let this slide.

Once Leon failed, the Western Boss and the Southern Boss would return and retaliate against the Morrisons.

With the Southern Boss helping the Western Boss, the Morrisons would suffer great losses over nothing.
