

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2922-With that, he ignored Jayden and followed Leon's instruction to capture the Farmers, before sending them to the Dragon Corps.

Once they all left, Caleb turned to Hugo and was about to say something when he realized that something was off.

"Hugo, where's Renee? She was just here. Why is she gone?" Caleb looked around in confusion.

Hugo shook his head. "I don't know. Maybe the bathroom."

"Forget it." Caleb did not think much of it and ordered Hugo, "Hugo, the stage was damaged just now during the fight between Mister Wolf and the Farmers.

Bring a few men over to fix the stage so that we can resume the sales drive as soon as possible."

"Alright," Hugo said.

He then led a few members of the Morrisons to join Cynthia, the others, and the staff to repair the stage.

Shortly after, they fixed the damaged corner and cleaned up all the bloodstains left from the fight.

Once everything was handled, Cynthia resumed the sales drive with the help of Snow and Ruth.

Meanwhile, on Leon's end.

He left the sales drive with Iris and the others. Arriving at the parking lot, he walked toward a black car and prepared to drive toward the southern region.

Just then, a red race car approached and stopped in front of them.

The car door flew open and Renee stepped out of the car.

“Renee, why are you here?” Leon was taken aback and could not understand why Renee would suddenly appear in the parking lot.

“Leon, I’m going to the southern region with you!” Renee did not answer his question and bit her lip.

“What? Why would you come to the southern region with me? What kind of a joke is this?” Leon did not expect her to make such a request.

“I’m not joking. I’m being serious. The Western Boss and the Southern Boss are formidable and I’m worried about you. I want to follow you to the southern region, or I’d be worried sick,” Renee said.

Though she was not Leon’s girlfriend, Leon was the man she loved and he meant a lot to her.

Like Iris, she was worried about Leon and wanted to follow him to the southern region.

She knew that she was too weak to be of any help.

She could not be bothered about anything else.

“What?” Leon was stunned.

This completely caught him by surprise.
