

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2951-“Damn it, how can this happen?” Arthur’s expression darkened and he felt helpless.

He wanted to sacrifice himself so that Leon could take the Southern Boss and the Western Boss down with the Potential Energy Force.

To his bewilderment, Leon ran out of Potential Energy Force.

This meant that he was not capable of defeating the Southern Boss and the Western Boss for the Thompsons.

Still, that did not mean they were completely out of hope.

Though the Southern Boss and the Western Boss injured Arthur, he was still capable of fighting.

So long as he returned to Leon’s side, his strength at the Peak Almighty State along with all the Dragon Guards Leon brought with him should be sufficient to help them retreat safely even if they could not defeat the Southern Boss and the Western Boss.

In conclusion, he dared not dream of getting Leon to eliminate the Southern Boss and the Western Boss now that he no longer possessed any Potential Energy Force.

For now, the priority would be to retreat safely as it was a far better outcome than the utter destruction of the Thompsons.

“Leon, I will be the one to exchange hostage. I’ll warn you, though. If you dare to play tricks, I’ll make sure you die miserably!” the Southern Boss said and strode forward with Arthur.

“Perfect! That’s exactly what I meant to say!” Leon sneered as he saw through the Southern Boss’s thoughts.

He was a righteous man and never considered playing any tricks in the exchange of hostages.

The Southern Boss, on the other hand, was despicable and vicious.

Leon himself was attacked a few times during the exchange of hostages, so he already knew the Southern Boss bore evil intentions for proposing to help the Western Boss.

Still, Leon did not care.

His overall strength reached the Semi-Saint State. If the Southern Boss behaved well, nothing bad would happen.

However, if the Southern Boss dared to play tricks or attack him, he swore he would give the Southern Boss a miserable end.

“Chandler, hand Felton to me. I will exchange hostages with the Southern Boss!” Leon said and grabbed Felton from Chandler.

He also took a Dragon Pill in secret, leveling up to the advanced Golden Core Phase.

This is equivalent to the Intermediate or even the Advanced Almighty State.

Partnered with the powerful defense of the Mirror of Sovereign, even martial artists in the Semi-Saint State would not be able to harm him.

The Southern Boss was merely in the Peak Almighty State and would not be a threat, he dared to attack, Leon could take this opportunity to destroy the Southern Boss.

“Mister Wolf, the Southern Boss is cunning so be careful when you exchange hostages,” Angus said worriedly.

Naturally, the Thompsons and the women were all worried as well.

Renee felt especially anxious. Leon never wanted her to come along and she came anyway.

Upon learning that both the Western Boss and the Southern Boss reached the Peak Almighty State, she was both shocked and worried for Leon.

“Yeah, I know! Don’t worry. I’ll be fine,” Leon smiled, before grabbing Felton and walking toward the Southern Boss.

The Ex Husbands Revenge Chapter 2952-Leon grabbed Leon and stopped when he was a few meters away from the Southern Boss.

“Leon, on the count of three, we will each release our hostage! How about that?” the Southern Boss said.

“Sure, no problem.” Leon nodded and stared at him wearily.

“Three, two, one,” the Southern Boss said and let go of Arthur.

Seeing as the Southern Boss did not play any tricks, Leon kept his promise and let go of Felton.

He then reached out, intending to grab Arthur, all the while firing his spiritual energy in case the Southern Boss attacked abruptly.

“Kid, die!” Once Leon released Felton, the Southern Boss sneered.

Just as Leon predicted, this was the perfect chance for the Southern Boss to attack and he was not about to miss it.

He launched a powerful attack and charged toward Leon.

“You must have a death wish!” Leon narrowed his eyes sharply.

He knew that the Southern Boss did not mean well and was prepared for it.

He then pointed a finger and launched the Earthly Plunder. A powerful blade of energy formed at the tip of his finger and was sent straight at the Southern Boss.

However, before the attack reached its target, Leon soon realized that something was off.

The Southern Boss’s attack was just a feign and he never actually fired up his energy. This was merely to tempt Leon into attacking.

“Idiot! You are no match for me!” The Southern Boss sneered.

He knew that Leon poisoned daggers and dared not to sneak up on him, in case he fell victim to Leon’s tricks.

He swiftly changed position to avoid Leon’s Earthly Plunder and charged toward Arthur, intending to destroy him with a single blow.

The Southern Boss had similar thoughts as Arthur.

At the moment, the Thompsons and Leon were at a disadvantage. Hence, Leon was likely planning to get Arthur back by handing Felton over. That way, he could work with Arthur to fight the Southern Boss and the Western Boss.

This was the only chance for them to win.

If the Southern Boss truly let Arthur go, Arthur’s strength in the Peak Almighty State along with Leon and the Dragon Guards from the Western region, it would be extremely difficult for him and the Western Boss to eliminate Leon and the Thompsons.

This was hardly what he wanted.

Therefore, he proposed to exchange hostages in the Western Boss's place. He intended to eliminate Arthur all along.

With Arthur gone, Leon and the Thompsons would be vulnerable.

"How vicious!" Arthur was taken aback.

When he was captured by the Southern Boss, his power was sealed.

Now that the Southern Boss was suddenly attacking, he had no means to resist or lodge land could only watch as the Southern Boss approached. The content is on En.novelxo.com! Read the latest chapter there!

"Oh, no!" Leon paled.

He thought that the Southern Boss meant to attack him and was fully prepared for it. To his bewilderment, the Southern Boss's true intention was to take Arthur down, not him.

This completely caught him by surprise.

Not daring to waste a single second, he immediately reached out his palm and chased after the Southern Boss.

The Ex Husbands Revenge Chapter 2953-"How swift!" The Southern Boss did not expect Leon to be so swift and his expression darkened.

He thought that by catching Leon off-guard and attacking Arthur in the chest, he could surely finish Arthur off.

However, Leon reacted far quicker than he anticipated and blocked his attack.

It seemed impossible for him to finish Arthur off at this moment, so he gave up on that and moved his palm downward, slamming it against Arthur's Energy Sea Point.

Baam!

Arthur was instantly sent flying and slammed hard against the ground.

He spewed blood and paled as soon as he landed.

The Energy Sea Point was located below the Energy Core and the source of true energy for martial artists. The Southern Boss's attack destroyed his power.

Thankfully, it was not a crucial point and this did not kill him, which was the silver lining of the situation.

"Haha!" The Southern Boss burst into laughter.

Though he did not manage to finish Arthur off, he managed to destroy his power, and that worked the same way.

Without Arthur's help, Leon and the remaining Thompsons would not be a threat.

"Southern Boss, you despicable scum! Die!" Leon was furious.

Due to his misjudgment, he was one step too slow in stopping the Southern Boss's attack on Arthur.

There was no way that he could ever let this go.

He switched position and charged at the Southern Boss at the speed of lightning.

"Leon, get off your high horse. I'll settle the scores with you later!" The Southern Boss sneered.

His plan to attack Arthur succeeded. He was supposed to exchange hostage with Leon and ensure the safety of Felton, or he would not be able to answer to the Western Boss.

Knowing when to retreat, he backed away from Leon's attack and grabbed Felton, before hurrying back to the Western Boss and the Farmers.

"Damn it!" Leon's expression darkened.

Though he already saved Arthur from the Southern Boss, the Southern Boss was far too despicable and destroyed Arthur's power.

Such a despicable act deeply enraged Leon and he desperately wished he could destroy the Southern Boss immediately to avenge Arthur.

However, Arthur was severely injured and Leon had to suppress his anger to help Arthur up, before taking him back to Angus and the others.

"Uncle, are you alright?"

"Are you okay?"

Angus and the others asked in concern.

They saw the Southern Boss attacking Arthur, but they were m standing in the distance and only saw Arthur spewing blood after taking the blow.

“I’m fine! But the Southern Boss destroyed my power “Aftthur said!

through the paif. His face was pale and his eyes were filled with despair.

A martial artist’s power was crucial to them and the fact that the Soythern Boss took his poweraway so despicably was worse than killing him.

Instantly, his heart was heavy with resentment toward the Southern Boss, but there was nothing he could do.

The Ex Husbands Revenge Chapter 2954-“What? Damn the Southern Boss! He was once a ruler of the underground community. How unbecoming.”

Angus and the others were shocked and furious when they learned that the Southern Boss destroyed Arthur’s power.

Leon proposed to exchange hostages and they should all act with decency.

The Southern Boss even warned Leon not to play any tricks.

Leon acted honorably, yet the Southern Boss broke his words and took Arthur’s power away.

This was extremely shameless of him.

“Elder Thompson, Angus, don’t worry. Though Elder Thompson’s power was taken, I can treat him. Once this is over, I can restore his power,” Leon consoled them when he saw the despair on their faces.

The Angel’s Fruit restored one’s energy core and cured trauma to the Energy Sea Point.

When Iris’s grandfather had his power taken away, Leon treated him with the Angel’s Fruit.

Though he ran out of Angel’s Fruit, he still had Cleansing Pills.

Cleansing Pills were made from Angel’s Fruit. They could enhance the talent of younger martial artists and work perfectly in restoring one’s energy core as well.

With the Cleansing Pill and some rare herbs, he should be able to cure the damage to Arthur's Energy Sea Point.

"Mister Wolf, you can restore his power?"

"That's great!"

Angus and the others were overjoyed.

The despair Arthur felt was instantly replaced by hope.

However, they soon recalled the devastating situation they were in and their hearts sank.

"Mister Wolf, the Southern Boss, and the Western Boss were both in the Peak Almighty State, Now that uncle lost his power, it would be hard for US to get past this crisis," Angus and the others sighed with heavy hearts.

They shared Arthur's thoughts.

If Arthur's power was intact, the Thompsons and Leon along with his strength in the Peak Almighty State should guarantee that they could retreat safely at the very least.

However, Arthur had his power taken and Leon no longer possessed any Potential Energy Force.

It seemed impossible for them to defeat the Southern Boss and the Western Boss.

If they were not mistaken, they would all perish today and that seemed to be the only possible outcome.

If they could not even get past the current crisis, there was no point in Leon restoring Arthur's power.

The Ex Husbands Revenge Chapter 2955-"It's fine. They aren't much of a threat! I'll go destroy them and put an end to this right now!" Leon scoffed with a malicious look in his eyes.

Now that Arthur was safe, he no longer had any concern and it was time for him to settle the scores.

Without further delay, he strode toward the Southern Boss and the Western Boss.

"Destroy US? How arrogant! You worked with the Thompsons to bring the Spears

down. Today, I'll show you what the consequences of that it!" The Southern Boss was enraged by Leon's tone.

With a resentful expression, he strode forward to face Leon and the Thompsons and retaliate for what they did to the Spears.

The Western Boss shared his feelings.

Now that Felton was rescued, he no longer had any concerns.

He gestured for Felton to stand back like Rodney, while he led the Farmers to follow the Southern Boss, intending to fight Leon and the Thompsons.

Instantly, tension rose and a battle was about to break out.

"Hang on!" The Dragon Guards, who remained silent so far, spoke up.

Apart from Fletcher and Howard, an old man in his seventies stood forward. His presence was authoritative and one could easily tell that he was formidable.

This man was Levi Neathenwood, a third-level Platinum Dragon Guard from the western region and he was in the Advanced Almighty State.

At the moment, Mister Orpwood was the stronger at the Peak Almighty State, and below him were two third-level Platinum Dragon Guards in the Advanced Almighty state. Levi was one of them.

Since Mister Orpwood had to attend the meeting in the central region and Leon sought help from the Dragon Corps, Mister Orpwood specifically asked Levi to lead a team. He was to obey Leon's order and assist him in fighting the Southern Boss and the Western Boss.

Because of that, the Dragon Guards were observing the situation instead of interfering without Leon's order.

However, the situation escalated and Leon was about to declare war against the Southern Boss and the Western Boss.

Seeing this, Levi could not remain silent any longer. "Western Boss, you better think twice. The Southern Boss is wanted by the Dragon Corps and even came to the Western region to commit murder. If you know what's best for you, you will leave with your men instead of aiding the Southern Boss. Otherwise, we shall punish you and the Farmers for this!" he reprimanded as his heart sank.

With little time to prepare, Levi and Henry only managed to summon eight Dragon Guards to aid Leon. He initially thought that the Southern Boss and the Western Boss were the Advanced Almighty State and concluded that it would not be challenging to defeat them.

To his bewilderment, both the Southern Boss and the Western Boss were in the Peak Almighty state.

This caught him by surprise.

Meanwhile, he knew nothing about Leon and did not know which level he was in.

Regardless, given Leon's age, he did not think that Leon was a match for the Southern Boss and the Western Boss.

Even with the help of the Dragon Guards, Leon would not stand a chance.
