

## Chapter 312: CAN YOU PROMISE ME LIKE YOU PROMISE HIM?

CAN YOU PROMISE ME LIKE YOU PROMISE HIM?

Iris woke up before Cane did and the first thing that hit her was the exhaustion, she felt her whole body was in pain. She lifted her hands and saw her wrists were swollen, she licked her lips and they were stung.

Cane must have applied some salve to her lips in some point, which she didn't remember when, because she could feel her lips were a little bit oily.

For a moment, Iris stared at her bruises wrists and remembered how Cane tried to stop her and pin her body down, so she would stop hurting herself. Tears welled up on her eyes, as she snuggled closer to him and out of instinct, he patted her back, while his eyes were still close and this made her a little bit comfortable and fell asleep again.
