

## Chapter 362: A DRAMATIC STORY

### A DRAMATIC STORY

Both Ethan and Will covered in injuries as blood oozed out from their wounds. The grass beneath them had stained in dark color of their blood. They were panting erratically after an intense fight for two hours.

The weather was warm tonight and the blood felt sticky on their skin.

"What do you mean?" Will immediately sat down and glared at Ethan for his comment. "Who had harassed her?!" His body was trembling, anger coursed through his veins with the offhanded comment from the beta.

Meanwhile, Ethan was still laying on the grass, as he made an 'oopsie' face when he saw how mad Will was, he pretended this was something he shouldn't say.

"Ugh. Hanna told me not to say anything about it..." he mumbled, which only irritated Will.
