

An Understated Dominance

Chapter 2378

Seeing that the situation was not good, Fenley quickly agreed, “Conor, don’t get excited; I’ll let you go! As long as you don’t hurt Noemi, I can forgive the past.

“On the contrary, if Noemi is in danger, I will definitely chase you to the ends of the earth!”

At this point, catching Conor was no longer necessary.

The important question was how to ensure Noemi’s safety.

“Stop talking nonsense! Get out of my way!”

Conor screamed as he held Noemi captive and retreated.

The surrounding law enforcement teams did not dare to approach at all, and they scattered in all directions to avoid irritating the other party.

“You! Come here! Drive for me!”

Conor casually pointed at a Celestial Alliance disciple.

The man was slightly stunned, then looked at Fenley, who was a little lost.

“Do as he says.” Fenley nodded.

“Yes!” The man replied that he could only step forward to act as a driver.

Anyway, Fenley was the one who covered the bottom, so he didn’t have to take responsibility.

“Hahaha... Want to catch me? It’s not that easy!”

Seeing that everyone was far away, and he was about to get in the car and leave, Conor couldn’t help laughing out loud, looking very proud.

However, just as he released Noemi’s throat and was about to get in the car, Fenley suddenly moved.

He raised his hand, and a dart shot out, hitting Conor’s forehead.

If this shot hits, it has the potential to instantly kill him.

The reason for taking the risk was that Fenley knew that if Conor took Noemi to the pantheon of gods, Noemi would definitely be in danger.

“Fenley! You are so bold!”

Conor noticed it instantly when the dart was shot.

His attention has always been on Fenley.

Although he was a little relaxed just now, he saw all of Fenley’s small movements.

Faced with the dart, he didn’t dare to take it too hard and immediately dodged sideways.

“Swish~!”

The powerful dart brushed past Conor’s ear, and then, with a “bang,” a big hole was blasted in the wall behind him.

This scene made Conor’s eyelids jump, but with it came anger.

“Fenley! You forced me to do this!”

Conor gnashed his teeth, his face showing madness.

He suddenly slapped Noemi’s head with his palm, intending to die together in the horrified eyes of everyone.

“No!” Fenley’s face changed drastically.

However, he was too far away, and it was too late to stop it.
