

Chapter 1184 Threat

Trevor watched as Doris left, her alluring figure slowly fading until she was out of sight.

"Jasmine, your task is here."

Trevor called Margaret by her code name in the organization.

"Go check the surveillance video in Corden. The target is male. He's about six feet tall and weighs about 200 pounds. He usually wears a black suit. A prominent feature of the target is the scar on his face. Start scoping out the area around the bar and look into the surveillance video on that day. Track the target if you can."

Margaret nodded. "Yes, sir!"

Trevor didn't expect to catch the members of Mobius walking about in Corden. It was like looking for a needle in a haystack.

The best way to track them down was by relying on Klein's intelligence support.

Once Trevor received all the information he needed, he went back to his rental home to get some rest.

The next morning, while Trevor was sleeping soundly, his phone rang.

He was quite surprised to see that Doris was calling him.

"What is this some sort of prank?" Trevor mumbled to himself before he answered the phone.

But to his surprise, he was greeted by the voice of a man on the other end of the call!

"You're Dragon, right? If you want this woman back safe and sound, come to Poly Casino within twenty minutes. You know the rules. Come here alone. If you dare call the police... Well, you won't like what happens next."

The call was then dropped.

Trevor's mouth fell agape.

The man's voice sounded familiar. It was Morris! The rich man who he beat up yesterday!

Did Morris kidnap Doris?

No. The guy was too weak from all the alcohol and sex that he had. He was completely trashed. It was impossible that he kidnapped Doris, even with her two bodyguards around.

Although Margaret assessed Doris' fighting capabilities to be average, a person who had been accepted into Klein wouldn't have been easily caught, even if that person was an informant.

It meant that this was a very serious situation.

Trevor frowned and decided to go save her immediately.

He remembered the first time he went to a casino. He was the core member of the Sanderson family, and he went to a high-end casino—Vitoria Casino.

Compared to that casino, Poly Casino was superb.

Trevor stood by the door and told the waiter, "I'm Dragon."

The waiter looked at him anxiously and replied, "Sir, please follow me."

The waiter escorted Trevor to the door of a VIP room. He was afraid that he would get roped up into the situation, so he left immediately after.

His discomfort didn't bother Trevor. He calmly pushed the door open and entered the VIP room.

As soon as he entered, he saw two wealthy young men sitting at the gambling table.

It turned out that Morris and Aldwin set this whole thing up!

Doris stared daggers at the two men as she sat on the chair next to them. Her face showed no trace of fear or anxiety.

Aside from them, there were two gorgeous and hot women dressed like bunnies who stood behind Aldwin. They were wearing skimpy dresses with black stockings and stilettos, which made them look sexy.

Doris looked calm even though she was being forced to sit there.

Except for the kidnapping, she wasn't beaten or tortured.

"I'm here." Trevor placed his hands in his pockets.
"If you have any tricks up your sleeves, go ahead and do them now."

Aldwin and Morris looked at each other and smirked.

Morris then said, "Of course, Dragon. We asked you to come here so that we can play a little game."
