Chapter 4040

David looked at the Red Cloud Demon Lord, and said with anger in his eyes: "Damn, you must know, and you deliberately didn't tell me..." As

soon as David finished speaking, he heard a series of harsh sounds, and even heard the sharp sound of stones rubbing against each other!

This sound sounded very creepy, and David got goose bumps all over his body.

At this time, David had lost the breath and perspective of those red-haired rats, proving that these red-haired rats were no longer there!

This sound kept approaching, and David looked around nervously, as if the sound came from all directions!

The defense formation just carved was also activated by David at this time!

Now David regretted a little, why didn't he carve a more complicated defense formation just now!

Looking at David's nervous look, the Red Cloud Demon Lord actually laughed!

"You are still laughing, wait until you get out, I won't let you enter my sea of consciousness, and let you stay here forever!"

David looked at the Red Cloud Demon Lord who was still laughing, and said angrily!

"Don't be nervous. It's a blessing, not a curse. If it's a curse, you can't avoid it. At worst, you will become a remnant soul, and we will depend on each other."

"What's more, you now have a Dharma body. Even if there is only a remnant soul left, you can slowly recover!"

said the Red Cloud Demon Lord!

David didn't intend to pay attention to the Red Cloud Demon Lord, but carefully observed the surroundings!

"Ah....."

Suddenly, Elder Tu screamed!

David looked over and found that there were dark red worms crawling on Elder Tu's body!

These worms looked like small flames, but many worms gathered together to form a flame-like shape!

David used the magic whip to roll Elder Tu into the defensive formation!

After those worms touched the defensive formation, they all fell from Elder Tu's body!

Elder Tu was bitten by the bugs all over his body at this moment, and there was no good place for him!

David would never pity Elder Tu. The reason he saved him was to prevent him from dying easily!

Soon, there were more and more dense bugs, and the dark cave became bright under these bugs!

These bugs surrounded David and had no way to rush into the magic circle!

David saw that they seemed to be surrounded by rising flames, and there was a scorching feeling!

"What kind of bugs are these?"

David frowned slightly!

These bugs don't seem to be very powerful, but when they gather together, the heat they emit is even more intense than the fire in the earth's core!

"These are red fireflies, which feed on the flames. The flames they emit when they gather together are more fierce than ordinary fire!"

The Red Cloud Demon Lord said to David!

Hearing what the Red Cloud Demon Lord said, David rolled his eyes at him. It was obvious that this guy knew everything, but he just didn't tell him!

David summoned the Dragon Slaying Sword, and with the flashing of the sword, a stream of sword energy was swung out by David, heading towards the red fireflies!

Boom!

With a few explosions, a large number of red fireflies were blown away, leaving a large gap around David and his men!

However, these blown-away red fireflies immediately gathered again, as if David's sword light just now did not cause much damage to them!

Seeing this scene, David couldn't help but say in shock: "Damn, such a small insect is too powerful, and it can't be killed?"

David couldn't think of it at all, that the few swords he had just used didn't cause any damage to the red fireflies!

This is too outrageous. If this is the case, then wouldn't they all have to explain here!

After all, David's simple defensive formation can't hold out for long!
