

Chapter 761

761 THE WORLD COLLAPSED (2)

"WHAT DO YOU MEAN WITH THIS?!" AlphaNolan roared. Mad not even a word that could describe what he felt right now. "HOW CAN YOU LET THIS HAPPEN!?" Hisface was very red.

He was fuming and destroyed everything that he could touch, while alpha Gallot stood in the distance, seemingly didn't want to get involved in this matter, while alpha Nolan vented out his wrath toward lady Cyan.

Enraged was an understatement for what he was feeling. Because he really wanted to march toward the Howling Wolf fortress and razed the place, killed every single member of that pack and let their blood dyed the street. He was going to fuck his mate and every woman in the pack, but it was not enough!That was not enough!

"Can you calm down?"lady Cyan asked,facing the outrage of the alpha, she looked more bored than afraid. She crossed her arms and waited until he could speak properly to her, this was the nicest thing she would do to accommodate alpha Nolan.

However, as lady Cyan was not very generous with her time and her patient was not really great to deal with his nonsense.

"IT'S ALL BECAUSE OF YOU! BECAUSE OFYOU HE KILLED MY SON!" Alpha Nolan threw a bowl toward lady Cyan, but Redmond caught it in time before it could hit her face.

In spite of Redmond's help, lady Cyan actually didn't need that because she could handle this alpha by herself just fine.

She stared dagger and alpha Nolan, who was wailing and barking, cursing everything that he saw, especially lady Cyan.

"YOU STUPID BASTARD!YOU PROMISEDME MY SON WILL BE SAFE! YOU SLUT!"Alpha Nolan rushed toward lady Cyan, he wanted to strangle her to death and the killing intent in his eyes was very apparent. "YOU LET THEM KILLED MY SON AND YOU DIDN'T DO ANYTHING!"

Lando was dead. Amara and Tatiana were dead too. Their heads were stuck on the spikes on the Howling Wolf pack's fortress for him to see!

"MY SON IS DEAD!MY SON IS DEAD!YOU SLUT!"

Alpha Nolan charged forward, killing intent in his eyes. Redmond was ready to block him from hurting lady Cyan, but before he

could do so, she already waved her hand and knocked him away from her sight.

"It's Cane who killed your son, why do you blame me for that?" lady Cyan asked, her voice was lazy, as if she didn't have time to deal with this nonsense."Go and talk to him if you are feeling angry, why would you vent your frustration on me?" lady Cyan came closer toward alpha Nolan, her eyes were sharp enough to see through your heart."If you want to avenge your son, kill him. Do it like you said earlier to his pack member, to the people that he loved and avenge your son."

Lady Cyan was ruthless enough with her words, but this was part of what Decratic told her. She was surprised to actually see how her master's plan worked so well. Every piece fell into the right place, just like what he expected.

Filling with indignation, alpha Nolan roared

angrily.

Currently they were in the middle of the tents, surrounded by their warriors and almost thirty percent of the warriors there hailed from Winter Moon pack, of course they were also enraged for their future heir to be killed mercilessly.

And with Cane stuck their head on the spikes for them to see it was simply a humiliation!They needed to take revenge!

Right now, it was already four hours since they hanged their heads and the sky gradually turned brighter, while the pale sunlight touched the horizon.

On the other hand, inside the Howling Wolf pack, there was a raging storm that swept them into a deep depression and misery after the news about how the alpha and luna's only daughter had passed.

The atmosphere was very heavy and everyone was wrapped in gloomy mood, none of them were in the mood to talk, as they kept quiet and mourned the loss of the baby.

What happened when Cane and Iris learned about their baby was a little bit blur, because everything escalated very fast, it was hard to recall in detail about what had transpired.

But the moment Grace stated baby Rora was no longer with them, that was the time where Amara and Tatiana went berserk, they looked like they were being possessed and started blabbering something that could raise your hair to no end.

They admitted their crimes for cursing the baby with powerful curse that was enough to kill Rora almost in an instant. This was even more powerful than the one baby

Vemion had to endure, but the way they talked and the way they phrased their words were so strange, as if they were not in their right mind.

"They are being mind controlled."

That was what the Serafim said. Mind control was not a black magic, it was an ability, same like how not all magic user could create portal.

However, most of Decratic's worshippers were mind controller.

And right now, it was obvious that Tatiana and Amara were being controlled. The suggestion must have been given ever since they were sent to Cane. They must not realize it too, as they acted normally until something triggered them and they started to finish the suggestion that was given to them.

After all, the idea to send the two women to Cane came from Decratic, and Dexter relayed the idea to alpha Nolan. This was a well crafted plot.

Tatiana and Amara's confession suddenly stopped, as they dropped dead, with their eyes opened wide. All of the people shrieked to see this, thinking they died because their purposed to harm the baby had been fulfilled, but only Cane knew what actually was going on.

The alpha's eyes fixed on his mate and he was certain about his conjecture.

However, when all of them still not recovered from the sudden death of Amara and Tatiana, Lando approached the luna and stabbed her on her thigh. The wound was not enough to harm her, but it set the alpha ballistic, he was seeing red, he clawed the boy away from his mate. Took a good

chunk of his flesh.

But, it was Zale, who came from the crowd and killed him when he was still moving. Zale stuck his claws against Lando's neck and slit his throat.

Everything happened in less than three minutes, where their mind was racing to keep up with all the things that was happening.

This was too much, chaos broke out.

Stone grabbed Zale and stopped him from tearing apart Lando's small body because he was furious, since he had harmed the luna. The young boy showed his brutal side.

Hanna took baby Rora from Cane's arms, her body was still warm, but she was no longer breathing and they had tried their

best to save her to no avail.

Maria was wailing, Anee was crying and Grilla was too shocked to speak.

While the alpha took the luna to the nearby bedroom for Grace to check on her, Iris herself didn't say anything. Her gaze was empty, as she stared at her bleeding thigh. She didn't feel the pain at all. She couldn't feel it...

"Grace..." Iris called her with her hoarse andweak voice.

"Y-yes, luna..." Grace answered herbetween her sobs, while Cane had left the room to get his baby back.

"When I can breastfeed my baby again? I amfine now, I don't need to drink my medicine,"Iris said, she stared at the healer,

but all Grace could see was only emptiness.

She was not fine. Iris was completely not fine.

"Luna Iris..." Grace started to cry, but evenwhen Iris watched Grace's tearful face, she didn't change her expression when she spoke again.

"When I can breastfeed my babies? Theymust be missing me..."

Decratic inhale and exhale, as if there was particular fragrance in the air that caused his lips quirked up. He felt very energetic with every despair that came from her.

"A little bit more..." Decratic muttered tohimself. His face lit up, he was beaming and

probably this was the first time for Zeke to truly stare at his grandson's face in detail.

Since Decratic used his son's face, he was thrill and was very proud. He liked to imagining the master that he served was actually really his grandson. In a twisted way, it was not wrong either...

"Everything will fall apart a little bit more..."Decratic murmured. He looked very giddy.
"Zeke."

"Yes, my lord?"Zeke immediately came tohis side, lowering his head in submission."Is there something that you need?"

"Call Derick and Cezi," Decratic ordered."Iwant them to send reinforcement for Kellan and after they killed Colter, send them to the south. We are going to have a great celebration by the end of this winter."

Zeke couldn't understand what Decratic meant, but he did like what he was told.

Cezi was not happy when he he heard that, but his father's face turned ashen. He was shaking because the emotions overwhelmed him.

"Bring my warriors to march toward thesouth?"Derick repeated what Dexter said. He stared at him as if he had grown two heads.

"The king wanted you to be thereinforcement for prince Kellan and after that, you two will march toward Howling Wolf pack."

"The two of us? Prince Kella n agreed tothat?"Derick was stunned, he couldn't believe his ears.
