

When She Unveils Identities Novel Chapter 4 -

“I’ve prepared it.”

Ewan solemnly handed over a thick stack of documents to Shirley.

Shirley took over the documents. Although she was uncomfortable because of the high fever, she

browsed through them.

Soon, a satisfied smile appeared on her delicate face. “These lawyers are indeed not ordinary. They

are much more valuable than 80 million and a house.”

“They work for Braden. Why are they not ordinary?”

Crossing his legs, Evan leaned lazily on the bed rail and said sourly, “I know some lawyers who are stronger than them. I can introduce them to you right away.”

“No, I want them.”

Shirley closed the document.

She was in a very good mood and seemed not to be affected by the divorce at all.

“Shirley, are you planning something?”

Ewan became interested.

It had been four years.

Shirley finally started to work again, and Evan was so happy.

“Tell me!”

Shirley had a meaningful smile. “You’ll know soon.”

Ewan knew Shirley’s personality well, so he didn’t ask much.

If he asked too much, Shirley would block him again.

“But...”

Ewan stood up straight and cautiously said, "Can you really let go of that man?"

He knew better than anyone else that Shirley loved Braden very much.

How could she let go so easily?

"So what?"

Shirley was depressed, and she said, "I'm tired of being Braden's wife. Now I just want to be

Shirley."

In the Stewart family.

Kenny Stewart and Tracy Stewart showed completely different expressions when they saw Amelie

with a big belly.

Tracy was very happy, and she excitedly said, "Great, you are pregnant with the child of the Stewart

family."

"Since my eldest son passed away three months ago, I have been crying every day and night. I didn't

want to live..."

"This child must have been sent to save me. You must take good care of it and give birth to the child

safely."

Kenny frowned, and he looked at Braden angrily.

"What are you doing?"

"You and Shirley haven't divorced, but you made another woman pregnant. What will you do with

Shirley?"

"You can't be ungrateful. If it wasn't for Shirley's grandfather, who saved your grandfather back

then, our family would have been destroyed.”

“Four years ago, your grandfather and I promised Shirley’s grandfather that we would take good

care of Shirley, now how can I explain to your grandfather and Shirley’s grandfather?”

Kenny got angry, and he wanted to slap Braden.

“I will beat you!”

Amelie hurriedly stood between Braden and Kenny and said, “Mr. Stewart, don’t be angry. It’s all my fault. I shouldn’t be pregnant with this child. If you feel troubled, I’ll have an abortion.

tomorrow.”

“No, this is the child of the Stewart family. You have to give birth to it.”

Tracy protected Amelie behind her, and shouted at Kenny, “Why are you protecting Shirley so much?”

“If she has feelings for Braden, they would have had children long ago.”

“She is a girl without anything. She has made no contribution to the Stewart family. We have protected her for four years, and it is enough.”

“Braden can decide who he wants to stay with.”

After Tracy finished speaking, she looked at Braden, who had been silent all the time, and asked, “Tell me, what’s your plan?”

Braden was tall and slender, with an aura of alienation, as if he had nothing to do with this quarrel.

His eyes fell on Amelie’s belly, and he said in a serious manner, “As you can see, Amelie has been pregnant for more than three months. This child is from the Stewart family and needs a decent

identity.”

“I have filed for divorce with Shirley. After we divorce, I will marry Amelie.”

When he finished speaking, Tracy and Amelie breathed a sigh of relief at the same time.

Kenny was furious.

“You can play with women outside, but you kicked your wife to marry the mistress. Are you out of

your mind?”

“If Shirley’s grandfather finds out, he will be angry. He used to be a famous general. Are you not

afraid of him?”

Tracy crossed her arms and rolled her eyes in disdain. “He was so powerful, but the Wilson family

is ruined. If we didn’t protect his only granddaughter these few years, the Wilson family would have been extinct. The Wilson family has many enemies, and we married Shirley under pressure. It is enough, right?”

“Besides, it was the old man’s decision. The marriage will only last for four years. After four years,

if they don’t love each other, they will divorce. Braden isn’t wrong.”

The two were about to quarrel, and Braden frowned and said in a cold voice, “I’ve finished what I

need to say. If you want to quarrel, you can change to another place.”

Kenny sighed and said, “You have always been arrogant and domineering, and no one can change what you decide, except your elder brother. If he is still alive, he may be able to persuade you.”

The atmosphere suddenly became heavy and sad.

Three months ago, Charles Stewart’s accidental death brought a devastating blow to the Stewart family, and made Braden even more indifferent.

“If you want to marry this woman, I have nothing to do with you. But you must promise me one thing, or I will sever the father–son relationship with you.”

“What?”

Braden looked at his father. His handsome face was always cold, which made people hard to figure out what he was thinking.

“You must hide it from your grandfather. He is going to have a heart transplant soon, and he can’t stand this.”

“You know that he has always been caring about Shirley, and treats her as his own granddaughter. If he knew that you divorced Shirley because of a mistress, he would be angry.”

Braden nodded. “I will handle it.”

Kenny and Tracy left the villa.

Before leaving, Tracy pulled Amelie and told her to take care of the baby, as if she treated Amelie as her daughter-in-law.

Kenny felt sorry for Shirley, and he didn’t care about Amelie from the beginning to the end.

The whole night, Amelie felt like she was on a roller coaster, and her mood fluctuated up and down.

However, no matter what attitude Kenny and Tracy had towards her, she only cared about Braden’s

attitude.

Braden was the authority of the Stewart family, and even the Seattle City.

Braden stood by the window on the second floor, staring at the sunflowers in the back garden in a

daze.

He didn’t come to the villa very often, and he didn’t know that so many sunflowers bloomed in the garden. It was quite beautiful.

He just found out that the sunflower was Shirley’s favorite flower.

Turning against the wind?

“Shirley, are you going to make a comeback?”

“Braden.”

Amelie walked up to Braden, wiped away her tears, and said, “I’m sorry, my child and I have caused you trouble. Forget it.”

Braden turned around, and there was sadness in his eyes.

He said in a deep voice, "No, this is my brother's only last wish."
