

23. Ring

"Then what else you did at the mall" asked noah "watched a m-movie" evelyn replied and started blushing thinking about what happened in movie theatre.

à

The trio's eyebrows furrowed seeing evelyn's red face, elijah put his finger under her chin "what is it puppy" he asked sternly and she gulped. "N-Nothing" she said biting my bottom lip in nervousness.

à

Elijah growled "don't do that, unless you want me to fuck you hard" he said and evelyn's eyes widened in horror. How can he say such things she thought.

à³

The storms chuckled seeing her reaction finding it cute. "So little one you watched a movie" said noah and evelyn nodded while looking down. "Which one" asked ace and evelyn gulped, the trio glared at her daring her to lie.

"F-Fi y Shades of G-Grey" evelyn replied and her whole face was on fire.

à⁹

The brothers were having a hard time controlling their laugh. "Oh really? So how was it" asked noah with a smirk, "i-i-walked out i-in the m-middle of the m-movie" evelyn replied while playing with the hem of her skirt, she felt extremely embarrassed.

à⁷

"Aww but why" ace asked with fake innocence, she glared at him in anger, she knew he was trying to tease her, the storms chuckled.

"I thought he was talking about an a-actual p-playroom and there would be real toys" she mumbled while fiddling with her fingers.

à⁴

The trio cooped at her innocence, elijah brought his tatted hands near her and cupped her face, then kissed her forehead "you are so pure, so innocent my baby. Sometimes it scares us that we don't deserve you but you know what we don't care, you are ours and only ours" he said with an evil smirk and by the end of his statement evelyn was on the verge of crying. She felt her body tremble in fear but elijah held her tight.

à⁸

Evelyn was silent, she just stared out of the window and watched huge buildings pass. Evelyn realized that she still has no idea where they were taking her. She looked away from the window and turned towards the trio but they were already staring at her intensely.

Yup, not creepy at all she thought.

à⁹

"Um w-where are we g-going" she asked while looking at them. They smiled widely, ace caressed her cheek "we are going to get the measurement of your finger, for the engagement ring" ace said, her heart dropped and she nodded weakly.

à

Soon the car came to a halt. Jack came out of the car and opened the door for them, the storms came out first and then noah held his hand out for evelyn. Not wanting to anger him she took his hand.

à

Chase and samuel came out of the other cars. The brothers surrounded evelyn and they started walking towards a huge jewellery store. Evelyn looked at the store in awe, it was beautiful and huge. It was one of the most expensive and famous store in london.

à

They entered inside while samuel, jack and chase waited outside with other guards. Beautiful jeweleries were on display. When they entered evelyn saw an elderly couple standing and smiling at them.

à

They were the owners of the store, the storms had already visited the store once and then they inform them that they are going to come again for evelyn's finger measurement, so the owners themselves came to greet them.

"Welcome Mr. Storm, its so nice to have you here again. This is my wife hannah" said the guy, he looked like in his late fifties. The woman beside him smiled politely at them and nodded her head in acknowledgement, she looked around fifty.

à⁴

He started shaking hands with the brothers and then turned to evelyn "hello, I'm derek" he greeted her with a smile, his smile was comforting. She smiled back "hello, im evelyn" she replied politely "you are adorable" said hannah while admiring the silver haired beauty and evelyn blushed.

à

Storms smiled at their girl who was blushing hard. "She is our fiance" said ace with pride, the old couple was shocked by his statement.

à⁸

Surely they knew that the storms are going to share a wife and they weren't bothered by it at all but evelyn seemed way too young as compare to them. Infact in the start the couple thought that she was their little sister.

à²

Hannah smiled at them, even though evelyn looked too young but she couldn't deny the fact that together they all look adorable "you guys look really cute together" hannah chirped. The storms smiled widely and on the other hand evelyn glared while looking down.

"Thank you" said noah.

à⁴

Derek invited them in and took them to his personal chambers. "Please sit" he said, his chamber was pretty big. The brothers and derek settled on the chairs.

"I'll take evelyn for her measurement" said hannah "who will take the measurement" asked elijah sternly. They won't gonna let any pathetic guy even look at her, letting them touch her fingers was out of the subject.

à²

"Don't worry dear I'm going to take it myself" hannah replied with a smile, she could feel their possessiveness for evelyn.

à³

The trio relaxed a er hearing that and nodded. "Come sweetie" said hannah and motioned towards a door, "I'll come with her too" said ace standing up from his chair, elijah and noah nodded at him. Evelyn mentally rolled her eyes at them.

Hannah entered inside the room while ace and evelyn followed behind her.

"Please sit" she said to both of them and they got settled on a couch, ace was holding evelyn's hand. Hannah sat in front of evelyn "lets take your measurement dear" she said and evelyn nodded. Hannah turned towards ace "i need her hand" she said and ace reluctantly let her hand.

Hannah started doing her work and ace kept staring at evelyn's finger where soon him and his brothers were going to place a ring.

à⁴

Evelyn just kept her head down, she felt anger, sadness, frustration. She never felt this helpless in her entire life.

Suddenly ace's phone went o , he looked at the caller ID and made a 'tsk' sound.

"Excuse me" he said looking at hannah who smiled in response, ace turned towards evelyn "I'll be right back" he said so ly and she nodded her head. Ace left the room to attend the call.

"Are you okay" asked hannah, she noticed evelyn's restless face "y-yes I'm fine" she replied. "Oh dear, do you want me to call back Mr. Storm" hannah asked, the old lady thought that evelyn was feeling nervous without ace. "No no please, i-i mean I'm fine" evelyn plastered a fake smile, hannah smiled back and went back to her work.

She probably thought that you were getting nervous without your fiancé, her subconscious said and scooped. 'I don't even know what to say' evelyn said and sighed sadly.

"All done" said hannah and evelyn nodded. "Come on dear" she said to her and they made their way back to derek's chamber. Evelyn noticed that ace didn't come back, not that she was complaining.

Without him near her, she was quite comfortable.

à⁶

Elijah and noah were talking to derek when they saw evelyn coming. They got up from their seats and went towards her "everything is done" said hannah who was standing beside her "good" said noah.

"Where is ace" asked elijah. "Um he got a call so he went to attend it" evelyn replied. elijah nodded and started caressing her cheek while noah intertwined his fingers with hers.

They didn't care if they were around other people and on the other hand evelyn's face was completely red, she felt embarrassed. Derek and hannah were watching them with a smile. However hannah could feel something was o but didn't pushed this thought further.

à

"We'll take our leave" said noah. Him and elijah shake hands with derek. "Bye dear" said hannah and hugged evelyn "bye" she mumbled while hugging her.

They were walking down the stairs of the huge store, evelyn was between elijah and noah as they kept a possessive hold on her hands. They spotted ace standing few meters away, he was talking on the phone or more like yelling at the caller.

"Those papers are really important for the project, make it quick or else you know very well what I'm going to do" he said in a bone chilling voice, evelyn trembled in fear and unconsciously held elijah and noah's hand tightly.

They looked down at her their love who was shaking a little, noah put his arm around her waist and pulled her towards him, she clutched on his arms.

"Its okay baby relax, its just about work" he whispered in her ear. Elijah rubbed her back "don't worry puppy" he said. If the situation was different she would've snuggled in their warm embrace. Elijah took her from noah's arms and made her face him.

à

Elijah's features softened a er seeing his babygirl's watery eyes. He kissed her cheeks and let his lips linger there for a moment "puppy he is just angry about our project, don't be scared" he said while fixing her cute bangs.

à⁶

Evelyn hesitantly nodded and both brothers smiled "we should wait for him in the car" suggested noah. Elijah looked at ace and then evelyn who was looking down. They didn't want her to get more scared, "yeah you're right" he replied and they were about to walk towards the entrance when they heard a crash.

à

Evelyn turned around and her eyes widened in shock, a guy maybe five or six years older than evelyn had spilled water on ace's suit. He looked like a staff member of the store.

à⁶

Ace's eyes were burning with rage and the poor guy looked like he was about to piss his pants in fear. Evelyn felt her heart racing, "this idiot is going to get himself killed today" said noah with a straight face referring to the guy.

"S-Sir i-i'm s-so s-sorry" the poor guy apologized while trembling.
