

### 33. Prom

Today was prom and evelyn was busy getting ready. Melissa earlier called her asking if she needed help with makeup or something but evelyn politely declined her offer.

Getting melissa in the house meant that she will know about the storms when they'll arrive to pick her up.

Evelyn was still confused about kyle's behaviour, he was angry all the time. Brendon told her that kyle is ready to be her partner for the prom. In school she could feel kyle's stare on her all the time.

Evelyn sat in front of her dressing table and started doing her makeup. She and melissa went out this morning to get their nails done.

After finishing doing her makeup evelyn wore her gown.

Evelyn curled her hair and kept them down. She sighed and wore the jewelry that the storms gifted her. They told her to wear it.

She put on the earrings, then the necklace and after that the bracelet.

She wore her heels and then checked herself in the mirror.

Evelyn heard a knock on her door. "Come in" she said, henry walked in. He looked at his daughter in pure adoration. "You look so beautiful sweetheart!" he said with a big smile "thank you dad" she replied and hugged him.

"Let's take a picture of yours" he said and took out his phone. Evelyn happily posed for the picture. "You just look like alice" henry whispered with a sad smile, evelyn hugged her father tightly.

The father daughter duo were still chatting when martha knocked on the door "sir Mr. Storm are here" she said. Henry's smile turned into a frown while evelyn bit her lower lip in fear.

"Ok" said henry and dismissed her. He looked at evelyn and sighed, she placed her hand on his shoulder "lets go" she said trying to sound confident but failed badly. He nodded and together they made their way downstairs.

Storms were sitting in the living room waiting desperately for evelyn. They wanted to see how beautiful their babygirl will be looking. They heard clicking of heels, their head turned towards the sound.

Their mouths were wide open. Evelyn was standing in front of them looking like a princess.

They walked towards her, their hearts were beating fast. They surrounded her and engulfed her in a tight hug. Her so vanilla scent filled their nostrils making those devils go wild. Evelyn hugged them back, she needed to stay in their good side. She didn't want them to ruin anything in their anger.

They smiled loving the fact that she was wearing the jewelry they gifted her. The brothers pulled away but their eyes stayed glued on evelyn's body.

Ace was getting really hard while elijah balled his fists to contain his lust. Noah was trying to restrain himself from ripping her clothes and fuck her hard.

Henry watched all this with a clenched jaw. He could see the fear in evelyn's eyes no matter how much she tried to hide it. He felt like a complete failure.

"We're leaving" noah said to henry who nodded. Henry turned towards evelyn "be safe" he said and she nodded.

Storms took evelyn outside keeping a tight hold on her.

Her eyes widened when she saw a limo. Elijah caressed her cheek "we want the best for you babygirl" he said and ace opened the car door for her. Evelyn noticed some other cars behind the limo. She was sure jack, samuel and chase, their bodyguards were inside those cars.

Evelyn got inside the limo and sat between noah and ace while elijah sat in front facing them. Ace placed his head on her shoulder and breathed in her scent.

"You look ravishing little one" noah said biting her earlobe making her shiver. Elijah brought her fingers closer to his lips and kissed them. Evelyn felt disgusted.

"Um p-plea-" ace cut her off by grabbing her jaw "what happened kitten, i thought you were giving our relationship a chance" he said almost in a mocking tone. She gulped in fear "its n-not that" she said lowly trying to calm him down. "You're so cute little one" noah whispered in her ear and bit hard on her earlobe making her whimper.

Elijah cupped her face "don't be scared puppy, we love you" he said with a smile. His hold tightened on her face, she realized he was waiting for her to reply. "I love you too" she said so ly.

They reached evelyn's school, she mentally sighed in relief while the storms didn't liked it one bit. "Those hormonal guys better keep their hands to themselves" noah growled. Evelyn bit her lip "i-i should go" she said.

Evelyn sighed when she saw the limo drove away. She walked inside the school towards the gym area where the party was going.

The decorations were beautiful. "Evie" she heard melissa's voice. She turned around and saw melissa standing with brendon and kyle. She was wearing a beautiful black gown, brendon was in a black tuxedo while kyle was wearing a dark blue ones.

"Fuck! You look stunning" said melissa with a huge smile, evelyn smiled "thank you, you look gorgeous" she replied "thanks" melissa replied. "hy brendon, hy kyle" she said looking at them. Brendon replied happily while kyle just stared at her.

"You look beautiful" he whispered, "thank you you look handsomely yourself!" she replied. Evelyn was glad that kyle was talking normally and wasn't in a bad mood.

"So who dropped you to school" melissa asked evelyn. They were drinking fruit punch while kyle and brendon were talking to their friends. "Um" evelyn bit her lip "aw that mystery man of yours" melissa said nudging her playfully.

Only if she knew that there were three men.

"Yeah" evelyn replied looking down at her drink.

Timeskip

Evelyn was having a great time at the party. She felt free even if it's just for couple hours.

"Hey" she turned around and saw kyle "hi" she said. Both just stood there awkwardly not saying a word. Evelyn decided to ask him.

"Kyle are you okay, i mean for some days you were angry all the time" she asked concerned. Kyle stared at her for some time and then his gaze fell on her "promise ring". He looked away "y-yeah" he said.

Melissa came "come on guys, lets dance" she said and dragged them. She started dancing with brendon while kyle and evelyn just stood there.

He looked at evelyn and extended his hand "come" he said. Evelyn looked unsure but kyle took her hand, he placed her hands on his chest and snaked his arms around her waist. So music was playing while couples were dancing looking at each other with love.

Evelyn tried to relax in kyle's hold. He smiled at her, evelyn pushed her hair strands behind her ear. Kyle's smile dropped when again he noticed the ring. He had enough of all this. He held evelyn's arm "come with me" he said and didn't wait for her to reply.

Kyle took evelyn outside. "Kyle" evelyn hissed, he was holding her way to tightly. They stood in the garden "kyle whats wrong with you" evelyn asked still trying to free herself, the small girl was getting scared now.

"Who's this boyfriend of yours" he spat venomously which made her flinch. "I-I think we s-should go back" evelyn mumbled "ANSWER ME" he shouted, evelyn's lower lip started to tremble.

Kyle took a deep breathe "I'm sorry babe, i didn't meant t-" he cut himself off by taking another deep breathe.

"Do you love him" he said looking at her ring, evelyn lowered her head. "Do you love him" he asked again.

No

"Yes" came evelyn's small voice. Kyle clenched his jaw. He gripped her arms in a bruising form "oh really, then what about me" he sneered "ow kyle its h-hurting" evelyn started to cry, marks started to form on her delicate skin.

"I don't care. Just tell me who's this guy huh? CAN'T YOU SEE HOW MUCH I LOVE YOU" he shouted, evelyn was shocked. She always consider him as a good friend.

"K-Kyle i-ah" she whimpered. His grip was getting tighter. "Please leave me kyle please" she sobbed.

Evelyn was in a lot of pain and still kyle wasn't ready to leave her. "I love you so much babe" he said, kyle brought his face close to evelyn. Her eyes widened in horror "kyle please leave me" she cried. "No, never" he growled. "Leave me kyle please its hurti-"

"SHE SAID LEAVE HER" a voice boomed. Kyle stilled while evelyn turned her head towards the voice, her eyes widened in shock, fear.

The storms were standing there looking ready to kill. Their eyes were bloodshot in anger. They wanted blood.

And that's how evelyn lost her life. (Lol, jk)
