

50. Blooming

Evelyn's head was laying on ace's chest. They all were sitting on the couch of the storms study room.

Her mind was blank. She was tired of all this. Her last bit of hope was already shattered when they married her. She sighed so ly.

Elijah got up and went towards the desk. He opened a drawer and picked up something. He went back to evelyn and sat beside her "here" he said smiling. It was a brand new phone. Evelyn frowned, she looked at it.

"Its your new phone" said noah caressing her cheek so ly. "But I already have one" when evelyn said that only then she realized that she haven't seen her phone since this morning.

"My phone" evelyn whispered to herself. Ace smiled and took her hand in his "you don't need that one anymore, you'll use this new one only" he said. Evelyn nodded which made them smile.

She took the phone from elijah and as expected it was an expensive one. "Our numbers are already saved in it" noah said. "Here let me show you" ace said and showed all the features of this new phone and evelyn watched curiously.

"Got it?" he asked. "Yeah" she replied. "But it doesn't have dad's number" she said.

When evelyn and henry tried to escape from the storms then henry changed his and evelyn's number so they couldn't track them. And now she didn't remember his number.

"Well don't worry about that we'll add it later" said elijah. "When?" She asked desperately, evelyn wanted to hear henry's voice.

"Babygirl we'll do it a er some days" said elijah. They were getting angry now, storms just wanted to spend time with evelyn, they couldn't stand any other man's name coming out of her lips even he is her father they still didn't liked it.

"But i want to talk to him" she mumbled and looked down. "Evelyn not right now" said ace little harshly.

She felt extremely sad, not even a day passed properly and she was missing her dad already.

"I want to talk-" "NO DAMMIT" noah shouted and slammed his hands on the table. Evelyn flinched, her whole body shook as noah looked at her with angry eyes.

Evelyn's lower lip started to tremble as a tear slid down from her eyes. Noah's eyes immediately so ened.

He was the calmest brother but he didn't liked this fact that evelyn kept asking about henry.

Evelyn sobbed as her face covered with the tears. "Baby" elijah whispered, he quickly pulled her towards him and placed her in his lap. Evelyn hid her face in elijah's chest and cried harder.

Her cries echoed in the quiet room. Ace rubbed her back gently. "Sh Sh please don't cry sweetheart" ace cooed in her ear as elijah cradled her in his lap.

Noah balled his fists, he didn't meant to scare her, with slow steps he went towards her. Elijah and ace looked at each other and nodded.

Noah sat on the couch, elijah released evelyn and noah placed her in his lap.

Evelyn was still sobbing, she didn't looked at him and kept looking down. "Please look at me amore" he said really so ly, evelyn didn't looked. "Please" he begged.

She slowly looked up, noah felt even more bad when he saw her red nose and tear stained face. "I'm so sorry little one, i-i didn't meant to shout at you" he whispered and hugged her tightly. Evelyn stayed still. Ace took some tissues.

Noah broke the hug, ace passed the tissues to noah. He gently wiped her tears. "I really love you sweetheart and we just want to spend time with you but you kept asking about henry and i lost my temper. I'm really sorry" he said. Noah never said this many sorry's in his entire life.

Evelyn sni les a little. "I-Its alright" she whispered, her voice broke a little from all the crying. The trio smiled. "B-But i m-miss dad" she mumbled looking down.

Ace felt extremely bad and so did elijah and noah but they wanted her attention too.

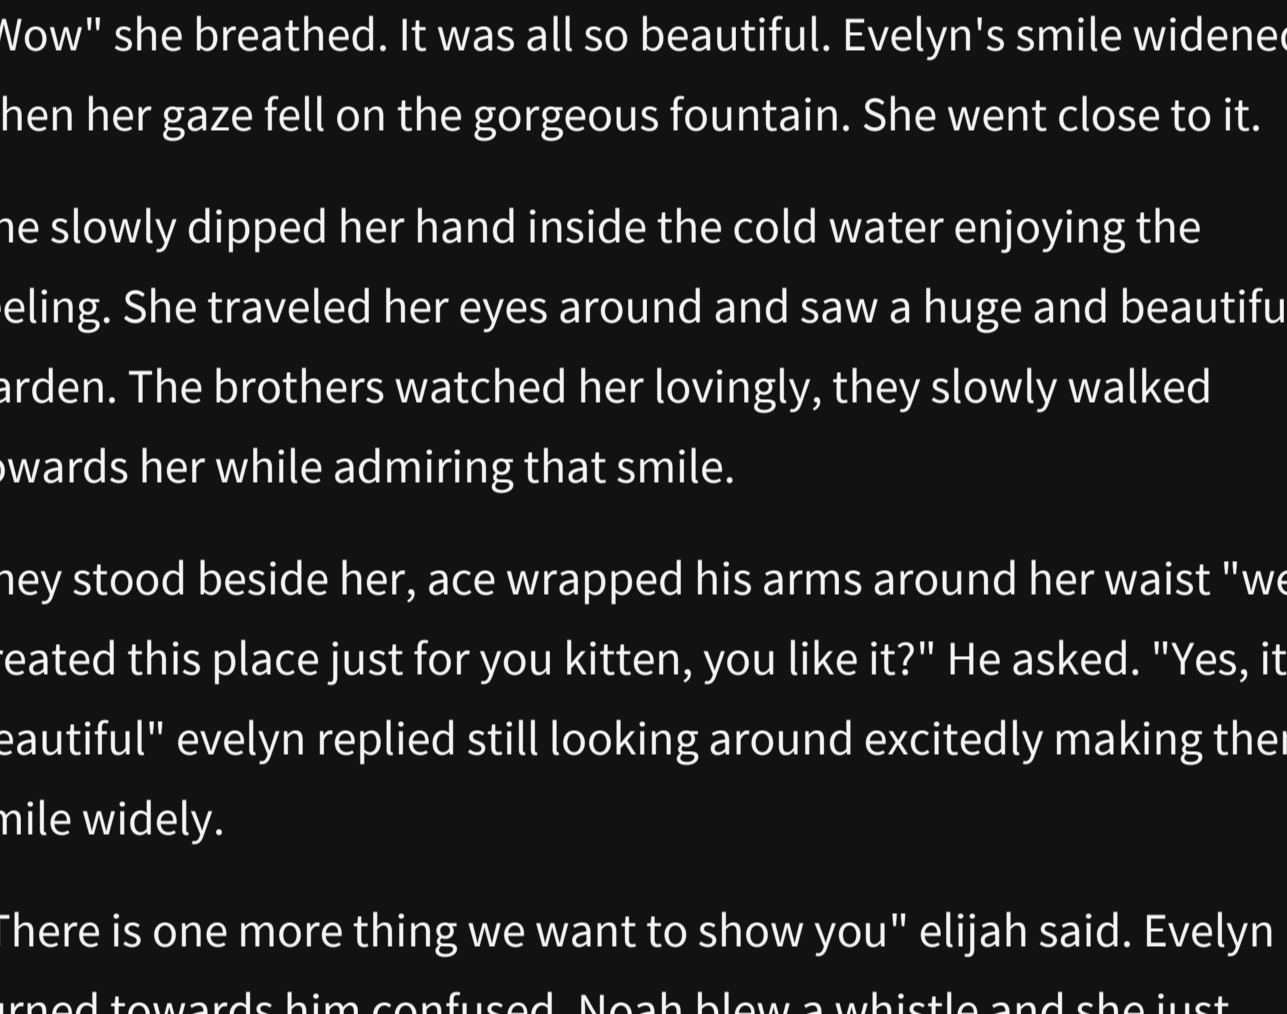

Ace cupped her face "kitten i promise that we'll let you talk to henry in few days but right now we just want you to focus on us and only us" he said.

Evelyn stared at him. She felt as if he was pleading? It was the complete di erent sides of storms she was seeing.

"O-Ok" she replied so ly. Storms faces lit up, they gave her a tight hug.

The trio was taking evelyn somewhere "um where are we going now" she asked. Evelyn was trying hard not to stutter. Ace looked down at her and smiled "you'll see" he said.

She kept walking with them and as usual they kept their tight holds on her. A er few turns they reached and evelyn's eyes widened when she looked around.

"Wow" she breathed. It was all so beautiful. Evelyn's smile widened when her gaze fell on the gorgeous fountain. She went close to it.

She slowly dipped her hand inside the cold water enjoying the feeling. She traveled her eyes around and saw a huge and beautiful garden. The brothers watched her lovingly, they slowly walked towards her while admiring that smile.

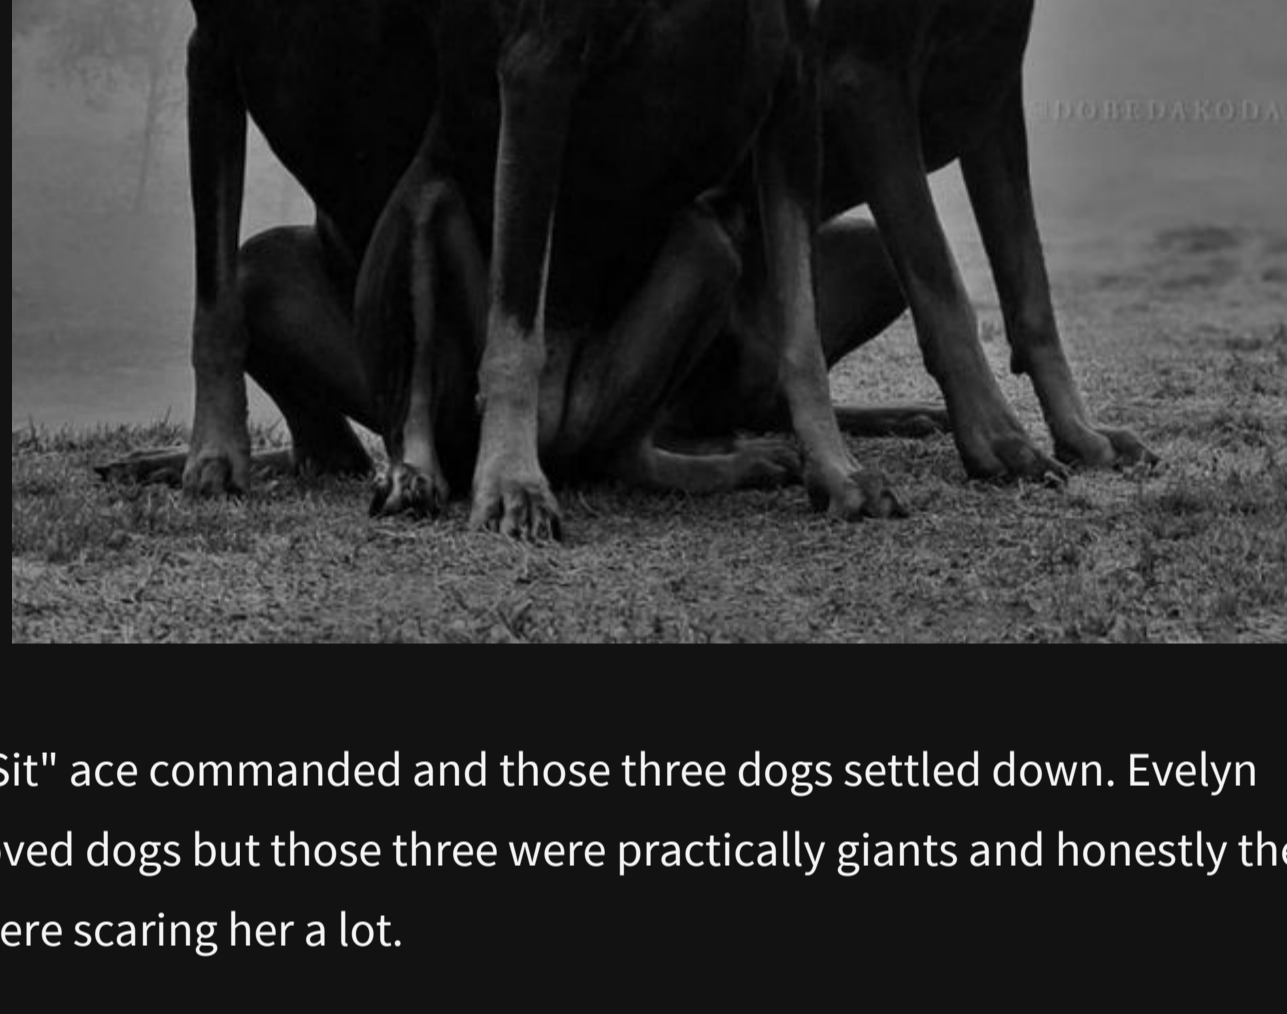

They stood beside her, ace wrapped his arms around her waist "we created this place just for you kitten, you like it?" He asked. "Yes, its beautiful" evelyn replied still looking around excitedly making them smile widely.

"There is one more thing we want to show you" elijah said. Evelyn turned towards him confused. Noah blew a whistle and she just stared at them not knowing what they're doing.

Evelyn was still looking at the storms when she heard barking sound. She turned a little.

"Eek" evelyn jumped in fear, she backed away her back colliding with noah's chest. Storms stood beside her keeping her in their possessive holds.

Evelyn stared wide eyed, in front of her stood three huge dogs, like really huge.

"Sit" ace commanded and those three dogs settled down. Evelyn loved dogs but those three were practically giants and honestly they were scaring her a lot.

"Babygirl" called noah. She looked at him "don't be scared love, they're for your safety" he said. "Huh?" She asked confused. "They're your guard dogs" elijah announced. Evelyn's eyes widened "g-guard dogs" she stuttered.

"Sweetheart" said ace and cupped her face "we've a lot of enemies and you're our only weakness. We don't want you to get hurt in any way, they're well trained dogs and they will keep you safe in our absence. Okay" said ace. Storms were ready to go any heights to keep evelyn safe.

"Yes" she replied. "Good girl" they said in unison.

The trio turned towards those dogs "his name is duke, that's max and that's rick" said elijah. All three of them were looking same, the only di erence was their collar.

Evelyn gulped a little "t-they w-won't gonna b-bite me right?" She asked scared. Ace smirked "you think if anyone b-bite to hurt you we gonna leave them alive" he said making evelyn shudder in fear. She looked away.

Noah and ace took the dogs away while elijah stayed behind with evelyn.

Evelyn bent down and looked at the flowers which were planted in the garden. She noticed a couple of other flowers which were not grown yet.

"They will grow soon" she heard someone say behind, it was elijah. Elijah also bent down next to her.

He looked at those flowers "they just need some time and proper care" he said. "Yeah" replied evelyn.

"Evelyn" elijah called, she looked at him but he was still looking at those flowers. Slowly he turned towards her "i know me and my brothers have done really bad things with you. I also know that no matter how many times we apologize it'll still remain unforgivable" he said looking at her.

Evelyn remained silent. "I'm not trying to give any fucking emotional speech and then make you feel sad us. Its just "sigh" it hurts evelyn, it hurts a lot seeing you in this sad state. And me and my brothers both know that only we're responsible for this" elijah said with a clenched jaw. Evelyn looked down at her lap.

"We wanted to be happy at her lap. We wanted to make you our's elijah said, his gaze again fell on those flowers.

"You're our wife now and we love you more than our life evelyn" he said.

Evelyn finally looked up at elijah, sunrays were falling on them "your mind might say that you'll never be able to love us but with time we'll change your mind and your heart, we will evelyn" elijah said with such determination that it made her gulp in fear.

"See those flowers" he said, evelyn followed his line of sight and looked at them. "They are blooming just like all of us" he said now staring at evelyn.

It was late at night, evelyn was sitting at 'her' library. A book was placed on her lap but her mind was wondering around elijah's words. And honestly it was making her really scared.

She knew that she was married to them and she has to accept them one day. But falling in love with the storms, this thought alone made her shiver in discomfort.

There was a knock on the door, she came out of her trance. "Come in" said evelyn closing the book. Agatha entered "Mrs. Storm" she called, evelyn looked at her.

"Masters are asking for your presence" agatha said. "Oh okay" she replied and got up from her seat.

Evelyn placed the book in its original place. She le the library with agatha. "Um agatha" she said.

"Yes Mrs. Storm"

"You can call me evelyn" she said politely.

Agatha looked at the silver haired girl and smiled. There was something about her that made agatha's heart melt everytime. She honestly couldn't blame the storms for falling for evelyn.

"I apologize Mrs. Storm but masters might not like me calling you by your name" she said, evelyn frowned a little.

"Oh um so you can call me by my name when we're alone, i won't tell them about it" evelyn said smiling innocently and agatha returned the gesture. "Okay" she said and evelyn smiled widely.

"Goodnight agatha"

"Goodnight evelyn"

Evelyn now stood in front of 'their' bedroom.

She was really nervous, she opened the door and entered inside. Her breathe hitched when she saw the trio, noah was sitting on the couch typing on his laptop. Ace was sitting at the edge of the bed smoking a cigarette while elijah was scrolling through his phone. All of them were shirtless.

Their toned and tatted bodies were on full display.

Ace saw her first and smiled, he crushed his cigarette in the ashtray and placed it away. He gestured from his finger for her to come to him.

Evelyn went towards him, ace made her sit in his lap. Elijah and noah also saw her, they got up from their seats and went towards her.

"We were waiting for you" mumbled ace as he dipped his head in the crook of her neck.

"Sorry i was r-reading a book and lost the track of time" evelyn replied. Noah kissed her lips so ly, evelyn kissed him back.

"Come on lets sleep now" elijah said smiling.

Evelyn nodded. Its been only one day with the storms and she was already exhausted of all this.

Evelyn wished she could find out what future holds and unfortunately her mind could tell it wasn't something good.
